WHEREAS Federal Register notice was issued on October 30, 2017 and is available in the Federal Register. This notice provides the public with an opportunity to comment on the proposed regulations.

WHEREAS the proposed regulations are designed to address the need for more stringent controls on hazardous air pollutants (HAPs) emitted by motor vehicles.

WHEREAS the proposed regulations are intended to be implemented by the California Air Resources Board (CARB) and are consistent with the requirements of the Clean Air Act.

WHEREAS the proposed regulations are expected to reduce emissions of HAPs by at least 70%.

WHEREAS the proposed regulations are subject to public comment and are expected to be finalized in 2018.

WHEREAS the proposed regulations are anticipated to provide significant benefits to public health and the environment.

WHEREAS the proposed regulations are consistent with the goals of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be adopted by the CARB in 2018 and are anticipated to be implemented in 2019.

WHEREAS the proposed regulations are expected to reduce emissions of HAPs by at least 70%.

WHEREAS the proposed regulations are intended to ensure that the proposed regulations are consistent with the requirements of the Clean Air Act.

WHEREAS the proposed regulations are anticipated to be finalized in 2018 and are expected to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are anticipated to be adopted by the CARB in 2018.

WHEREAS the proposed regulations are expected to provide significant benefits to public health and the environment.

WHEREAS the proposed regulations are consistent with the goals of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be adopted by the CARB in 2018 and are anticipated to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are expected to be finalized in 2018.

WHEREAS the proposed regulations are consistent with the requirements of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be finalized in 2018 and are expected to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are anticipated to be adopted by the CARB in 2018.

WHEREAS the proposed regulations are expected to provide significant benefits to public health and the environment.

WHEREAS the proposed regulations are consistent with the goals of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be adopted by the CARB in 2018 and are anticipated to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are expected to be finalized in 2018.

WHEREAS the proposed regulations are consistent with the requirements of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be finalized in 2018 and are expected to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are anticipated to be adopted by the CARB in 2018.

WHEREAS the proposed regulations are expected to provide significant benefits to public health and the environment.

WHEREAS the proposed regulations are consistent with the goals of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be adopted by the CARB in 2018 and are anticipated to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are expected to be finalized in 2018.

WHEREAS the proposed regulations are consistent with the requirements of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be finalized in 2018 and are expected to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are anticipated to be adopted by the CARB in 2018.

WHEREAS the proposed regulations are expected to provide significant benefits to public health and the environment.

WHEREAS the proposed regulations are consistent with the goals of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be adopted by the CARB in 2018 and are anticipated to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are expected to be finalized in 2018.

WHEREAS the proposed regulations are consistent with the requirements of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be finalized in 2018 and are expected to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are anticipated to be adopted by the CARB in 2018.

WHEREAS the proposed regulations are expected to provide significant benefits to public health and the environment.

WHEREAS the proposed regulations are consistent with the goals of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be adopted by the CARB in 2018 and are anticipated to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are expected to be finalized in 2018.

WHEREAS the proposed regulations are consistent with the requirements of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be finalized in 2018 and are expected to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are anticipated to be adopted by the CARB in 2018.

WHEREAS the proposed regulations are expected to provide significant benefits to public health and the environment.

WHEREAS the proposed regulations are consistent with the goals of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be adopted by the CARB in 2018 and are anticipated to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are expected to be finalized in 2018.

WHEREAS the proposed regulations are consistent with the requirements of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be finalized in 2018 and are expected to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are anticipated to be adopted by the CARB in 2018.

WHEREAS the proposed regulations are expected to provide significant benefits to public health and the environment.

WHEREAS the proposed regulations are consistent with the goals of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be adopted by the CARB in 2018 and are anticipated to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are expected to be finalized in 2018.

WHEREAS the proposed regulations are consistent with the requirements of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be finalized in 2018 and are expected to be implemented in 2019.

WHEREAS the proposed regulations are subject to public comment and are anticipated to be adopted by the CARB in 2018.

WHEREAS the proposed regulations are expected to provide significant benefits to public health and the environment.

WHEREAS the proposed regulations are consistent with the goals of the Clean Air Act and are designed to protect public health and the environment.

WHEREAS the proposed regulations are expected to be adopted by the CARB in 2018 and are anticipated to be implemented in 2019.
