The representative of the industries attended the legal hearing. The committee noted that illegal dumping of hazardous waste of 1.6 tons in 109 bags containing i) container liners of hazardous chemicals ii) contaminated gloves/head & nose masks and other plastic waste, aprons, thermocol sheets was found on the bund of Vooracheruvu of Tanam village, Parawada Mandal, Visakhapatnam and by the side of Bharanikam to Venkatapuram road. The Board Office has issued Stop production orders to the 5 industries on 04.10.2016 for dumping of hazardous waste and issued instructions to forfeit the Bank Guarantee of Rs. 50.0 Lakhs of M/s. Ramky (TSDF Operator).

The RO, Visakhapatnam informed that all the industries have stopped boiler and process operations. The Scrap units (for which the industries sent container liners and gloves, masks and plastic waste) were inspected and 33.3 Tons of mixed waste shifted to Ramky, Pharmacity India Ltd., Visakhapatnam for safe disposal.

Two industries namely M/s. Azico Bio-aphore India Pvt. Ltd. and M/s. Matees Laboratories Pvt. Ltd., were inspected by Board Officials under Randomized risk based inspections and observed non-compliance of the CFO & HWA conditions and producing un-consented products.

The representatives of five industries informed that they have stopped operations as per the Board directions. They also informed that they will take all the measures for safe and scientific disposal of waste scrap materials like empty containers, used gloves and masks etc. to authorized vendor or TSDF for incineration and assure that this kind of lapses will not be repeated in future. Finally the representatives of five industries have requested to issue revocation of stop production order.

The Member Secretary, APPCB opined that all the member industries shall identify the recyclers for disposal of the de-toxified container liners and other plastic scrap. All the member industries shall dispose Hazardous waste as per disposal option mentioned in the CFO order scrupulously.

The Committee after detailed discussions recommended to issue revocation of Stop production to 5 industries with following directions:

1. **M/s. Azico Pharmaceuticals Pvt. Ltd.**

   1. The industry shall not manufacture un-consented products.
   2. The industry shall install online pH meter along with data logger to the scrubber.
   3. The industry shall install flow meters for various categories of water consumption as per CFO order.
   4. The industry shall install web camera as per CPCB directions and connect to the website of CPCB.
   5. The industry shall dispose container liners / PP bags, centrifuge bags, surgical masks, head caps, gloves to Ramky Pharmacity India Ltd.
   6. The industry shall submit a Bank Guarantee of Rs. 4.0 Lakhs (capital investment Rs. 23.51 Crores) valid for One Year within 15 days of receipt of the order to RO, Visakhapatnam towards compliance of above conditions.
   7. Rs. 4.0 Lakhs penalty shall be levied on the industry under Hazardous and other Waste Rules, 2016 for improper disposal of hazardous waste.

---

**MEMBER SECRETARY**
   1. The industry shall not manufacture un-consented products.
   2. The industry shall provide water meters for all the streams as per the consent order.
   3. The industry shall provide vent condensers for all solvent storage tanks.
   4. The industry shall provide online pH meter with auto recording facility to the scrubbers.
   5. The industry shall install VOC analyzers with recording facility.
   6. The industry shall dispose container liners / PP bags, centrifuge bags, surgical masks, head caps, gloves to Ramky Pharmacy India Ltd.
   7. The industry shall submit a Bank Guarantee of Rs.4.0 Lakhs (capital investment Rs.32.42 Crores) valid for One Year within 15 days of receipt of the order to RO, Visakhapatnam towards compliance of above conditions.
   8. Rs.4.0 Lakhs penalty shall be levied on the industry CPRCB under Hazardous and other Waste Rules, 2016 for improper disposal of hazardous waste.

   1. The industry shall construct dedicated storage shed with elevated lined platform along with dyke walls and leachate collection sump for storage of solvent drums, waste drums etc.
   2. The industry shall not manufacture un-consented products.
   3. The industry shall provide separate flow meters for assessing the water consumed for each purpose.
   4. The industry shall lift organic residue which is stored adjacent to the production blocks and inorganic salts to TSDF Parawada immediately.
   5. The industry shall provide two stage caustic scrubbers to control the Acid emissions.
   6. The industry shall provide detoxification facility to detoxify the containers at the specified covered platform with dyke walls and wash water shall be routed to LTDS collection tanks.
   7. The industry shall provide online pH meter with auto recording facility to the scrubbers.
   8. The industry shall provide auto recording facility to VOC monitoring system.
   9. The industry shall construct separate shed for the storage of coal.
   10. The industry shall construct dedicated storm water drains for collection of storm water.
   11. The industry shall dispose container liners / PP bags, centrifuge bags, surgical masks, head caps, gloves to Ramky Pharmacy India Ltd.
   12. The industry shall submit a Bank Guarantee of Rs.4.0 Lakhs (capital investment Rs.11.0 Crores) valid for One Year within 15 days of receipt of the order to RO, Visakhapatnam towards compliance of above conditions.
   13. Rs.4.0 Lakhs penalty shall be levied on the industry CPRCB under Hazardous and other Waste Rules, 2016 for improper disposal of hazardous waste.

   1. The industry shall not manufacture un-consented products.
   2. The industry shall provide vent condensers to all the solvent storage tanks.
   3. The industry shall provide online VOC monitor along with auto recording facility.
   4. The industry shall dispose container liners / PP bags, centrifuge bags, surgical masks, head caps, gloves to Ramky Pharmacy India Ltd.
   5. The industry shall submit a Bank Guarantee of Rs.4.0 Lakhs (capital investment Rs.42.0 Crores) valid for One Year within 15 days of receipt of the order to RO, Visakhapatnam towards compliance of above conditions.
   6. Rs.4.0 Lakhs penalty shall be levied on the industry CPRCB under Hazardous and other Waste Rules, 2016 for improper disposal of hazardous waste.

5. M/s. Synergene Active Ingredients Pvt. Ltd.
   1. The industry shall not manufacture un-consented products.
   2. The industry shall provide online VOC monitor along with auto recording facility.
   3. The industry shall dispose container liners / PP bags, centrifuge bags, surgical masks, head caps, gloves to Ramky Pharmacy India Ltd.
   4. The industry shall submit a Bank Guarantee of Rs.4.0 Lakhs (capital investment Rs.18.10 Crores) valid for One Year within 15 days of receipt of the order to RO, Visakhapatnam towards compliance of above conditions.
   5. Rs.4.0 Lakhs penalty shall be levied on the industry CPRCB under Hazardous and other Waste Rules, 2016 for improper disposal of hazardous waste.
2. **M/s. Shiv Tek Industries, Kurnool District.**

The representative of the industry attended the legal hearing. The committee noted that the fire accident occurred on 08.10.2016 at about 2.00 PM in the industry resulted in release of effluents, emissions and odour to the surroundings. The representative of industry explained that fire took place while melting of the paraffin oil in the melter and spread to the Paraffin oil storage tanks and Chlorinated Paraffin Wax storage tanks. It was informed that during the fire there are no casualties and the loss is about 3.0 Cores. The RO, Kurnool informed that the during the fire accident it was observed that huge cloud of smoke emitted due to burning of Paraffin oil and Chlorinated Paraffin wax. The fire is contained to the premises by the fire tenders. It was observed that all over the premises, there are stagnated pools of the waste water generated due to fire tendering. As observed, the waste water contains oil floating on the top of the stagnated pools. It was also observed that the waste water has flowed out of the premises and joined the low laying areas of neighboring industry i.e., M/s. Sree Rayalaseema High Strength Hypo Ltd., (M/s. SRHHL) (Unit-I) near the MEE plant forming as a pond. The estimated approximate quantity of waste water is about 400 KLD.

1. The industry has not taken any steps to bring down the emission / discharges to the prescribed standards.
2. The industry has not taken adequate safety measures and also not educated the workers and nearby public of possible accidents and remedial measures.
3. The industry has not disposed the waste water containing paraffin oil generated during fire fighting operation and formed cess pools near M/s. SRHHL.

The Committee after detailed discussions recommended to issue closure order to the industry.
