WHEREAS the Board has received several complaints from the local public and public representatives regarding discharge of unauthorized restaurant into the sewerage system, and issues that the Board has issued CPO of 02.4.20.09 for 1500 Kg/day, which was
WHEREAS vide reference 6th cited, the officials of RO, Tirupati have inspected the industry on 06.07.2018 and observed the following violations:

1. The industry provided ZLD system consisting of MEE, RO Plant and ETP.
2. During inspection, it was observed that the industry is not discharging any wastewater outside the industry premises.
3. The industry has not regularly dispose off the ETP sludge to TSDF.
4. The industry has provided multi cyclone dust collector as Air Pollution Control Equipment to the 1x 5 TPH Boiler.
5. The industry has not installed water meters with totalizer facility to assess the actual water consumption used for different purposes.
6. At present the industry is not maintaining any records regarding quantity of raw material consumption, quantity of water consumption, waste water generation, quantity of waste water treated and disposed.
7. The industry has not provided flow meters inlet and outlet of the existing ETP for assessing the quantity of waste water treated. But the proponent orally informed that they will provide flow meters at the inlet & outlet of ETP within a week.
8. The industry has provided separate energy meter to the ETP.
9. The industry has not submitted Bank Guarantee of Rs.1.5 Lakhs towards Guarantees for comply of Board directions.
10. During inspection, it was observed that industry is using wood as fuel in the boiler.

WHEREAS legal hearing was conducted before the External Advisory Committee (Task Force) of A.P. Pollution Control Board in its Meeting on 08.08.2018. The representative of industry attended the legal hearing. The Committee noted that the industry has upgraded their Effluent Treatment Systems to ZLD systems as per the directions of Board vide order dt.26.02.2018. The committee also observed that the industry has not submitted Bank Guarantees of Rs.1.5 Lakhs as directed by the Board. The EE, RO, Tirupathi has informed that M/s. Christy Colours has provided ZLD system and not submitted the Bank Guarantee as they have already erected ZLD system. It was further stated that the unit has not installed separate energy meters to ETP, not maintaining records of waste water generation and disposal facilities. The industry is partially treating the effluents in the existing ETP and disposing partially treated effluents to CETP, Nagari. The industry has not disposed the ETP sludge to TSDF, Parawada, Visakhapatnam. The representative of the industry informed that they installed ZLD system. They stated that they get low quantity of FE salts due to process change by adopting Activated Sludge Process with diffused aeration followed by chemical coagulation cum settling, even then they will obtain member ship from TSDF, Parawada, Visakhapatnam and dispose off ETP sludge immediately to TSDF. The dyeing unit requested for three months time to comply with the directions issued by the Board.

After detailed review the committee recommended to issue certain directions. The Board hereby issues the following directions under Sec.33 (A) of Water (Prevention and Control of Pollution) Amendment Act, 1988 and under Sec.31 (A) of Air (Prevention & Control of Pollution) Amendment Act, 1987:

1. The industry shall continuously operate ZLD system consisting of ETP, MEE, RO plant to meet Zero discharge condition.
2. The industry shall not discharge treated / untreated waste water into the Mangedu drain under any circumstance.
3. The industry shall dispose off the ETP sludge/MEE salts to TSDF, Parawada, Visakhapatnam immediately duly following six copy manifest system.
4. The industry shall strictly comply with the above directions within the specified time targets, falling which closure orders will be issued without any further notices.
5. The industry shall install water meters with totalizer facility to assess the quantity of water used for different purposes within 2 months.
6. The industry shall maintain records pertaining to quantity of raw material consumption, quantity of water consumption, waste water generation,
To the ZO, Kurnool every month,

To comply with above directions and furnish action report periodically, directed to inspect, verify the operation and maintenance of ZLD system, necessary action

1. The Joint Chief Environmental Engineer, Zonal Office, Kurnool for information and necessary action

2. The Senior Environmental Engineer, Legal Cell, Board Office for information and necessary action

3. The Environmental Engineer, Regional Office, Tarnagudi for information.
