- The industry has not installed solvent recovery unit. The spent and mixed solvent are being sending to outside parties.
- The industry has not send the hazardous waste to TSDF. The industry is storing hazardous waste in the leased industrial plot. Spent solvents, organic residue drums are stored openly on the RCC floor.

WHEREAS vide reference 4th cited, legal hearing was conducted before the External Advisory Committee (Task Force) Meeting of A.P. Pollution Control Board on 02.08.2017. The representatives of the industry attended the legal hearing. The committee noted that the industry has not installed two stage scrubbers, not provided separate energy meters, not provided VOC analyzer, not provided detoxification of container facility and not provided pH meter to scrubber. The committee also noted non-compliance of CFO conditions and Board direction. The representative of the Industry informed that they obtained CFO order of the Board for disposal of effluents to CETP, IDA, Kondapalli. They informed that they issued purchase order of online pH meter and will be installed by end of August, 2017. It was also informed that they will procure the VOC monitoring system and will be installed by end of August, 2017. The EE, RO, Vijayawada has informed that industry has filed the CFE for new boiler and un-
consented products. The CFE Committee at Zonal Office level recommended to reject the application as they have not obtained EC for un-consented products. The management informed that they will apply for CFE order of the Board for the change of product mix.

The Committee after detailed discussions, recommended to issue certain directions. The Board hereby issue the following directions under Sec.33 (A) of Water (Prevention and Control of Pollution) Amendment Act, 1988 and under Sec.31(A) of Air (Prevention & Control of Pollution) Amendment Act, 1987:

1. The industry shall obtain CFE (amendment) for installation of 0.67 TPH briquette fired boiler within one month.
2. The industry shall install two stage scrubbers to control the process emissions within 2 months.
3. The industry shall provide separate energy meters to air pollution control equipments within 15 days.
4. The industry shall provide VOC analyzer system within one month.
5. The industry shall provide detoxification of container facility within one month.
6. The industry shall provide online pH monitor to the scrubbers within one month.
7. The industry shall provide separate water meters to assess the water consumption for all categories of water consumption within 15 days.
8. The industry shall install solvent recovery unit within one month.
9. The industry shall dispose off the hazardous waste as per consent order only.
10. The industry shall submit the Bank Guarantee of Rs.6.0 Lakhs towards compliance of the directions issued by the Board.
11. The industry shall ensure continuous compliance of the conditions issued in the CFO & HWA order.

You are hereby directed to note that, should you violate any one of the directions mentioned above, action will be initiated under Sec.33(A) of Water (Prevention & Control of Pollution) Amendment Act, 1988 and Sec.31(A) of Air (Prevention & Control of Pollution) Amendment Act, 1987 without any further notice, in the interest of Public Health and Environment.

This Order comes into effect from today i.e., 28.06.2017.
