Revd. Post With Ack Due

Order No.390/APPCB/UII-ITF/KNL/2018-

Dt.30.05.2018.

REVOCA TION OF CLOSURE ORDER

Sub: PCB - UII - TF- Ms. Sri Lakshmi Venkateswara Stone Crusher (Formerly M/s. Sri Jaya Lakshmi Granite Metal Crushing Unit) Sy.No.314-3C & 314-3D, 315-1C/4, 1C/5 & 1C/6, Velidakalaka (GP), Pattikuntapalli (V), Somandapalli (M), Anantapuram District - Industry requested for revocation of the closure order - Legal Hearing held on 16.05.2018 - Revocation of closure Order - Issued - Reg.

Ref:
2. Industry’s request letter dt.21.03.2018 & 27.03.2018.
5. External Advisory Committee (Task Force) Meeting held on 16.05.2018.

Whereas you are operating a stone crushing unit in the name & style of M/s. Sri Lakshmi Venkateswara Stone Crusher (Formerly M/s. Sri Jaya Lakshmi Granite Metal Crushing Unit) Sy.No.314-3C & 314-3D, 315-1C/4, 1C/5 & 1C/6, Velidakalaka (GP), Pattikuntapalli (V), Somandapalli (M), Anantapuram District and producing Road metal & Building metal – 35TPD.

Whereas vide reference 1st cited, the ZO, Kurnool has issued closure order to the industry on 25.01.2018 for operating the stone crusher without obtaining CFE/CFO order of Board and not provided air pollution control system.

Whereas vide reference 2nd cited, the Stone crusher has requested the Board to issue revocation of closure order stating that they have provided air pollution control systems to control air pollution to meet the Board’s AAQM standards.

Whereas vide reference 3rd cited, the Board has issued CFO order to industry on 30.03.2018, which is valid upto 30.09.2018 stipulating condition that “the stone crusher shall not operate without obtaining Revocation of Closure orders from the Board”.

Whereas vide reference 4th cited, the RO Officials, Kurnool has inspected the Stone crusher on 16.03.2018 & 23.03.2018 and observed the following:

1. During inspection the stone crusher was not in operation as the power supply to the crusher was disconnected by the APSPDCL, Anantapuram.
2. The Stone crusher has applied for CFO of the Board on 08.03.2018 and industry was issued with CFO vide order dated:30.03.2018 stipulating condition that “the stone crusher shall not operate without obtaining Revocation of Closure orders issued by the Board”.
3. The stone crusher has not provided cladding to the primary and secondary crushers.
4. The stone crusher has covered the vibrating screens with GI Sheet.
5. The stone crusher has not provided elevated dust bunker for the collection of dust.
6. The stone crusher has provided water sprinklers at ramp for wetting of the mined rock boulders before feeding in to the primary crusher, at the primary crusher, at the bunker before feeding into the secondary crusher, the belt conveyor from bunker to secondary crusher, belt conveyor from secondary crusher to screen and also on the belt conveyors from the screen to the products viz., 12mm, 20mm and dust. The stone crusher has to sprinkle the water in the form of mist with the help of motor for effective dust suppression.
7. The stone crusher has provided fixed rotating water sprinklers on the ramp for dust suppression during the vehicular movement. Also, the stone crusher has deployed tractor mounted tanker for sprinkling water on the roads.
8. About 100 saplings were existing along the boundary and the unit representative has informed that, they will improve the greenbelt along the boundary of the crusher in the coming monsoon season.

Whereas vide reference 5th cited, legal hearing was conducted before the External Advisory Committee (Task Force) Meeting of A.P. Pollution Control Board on 16.05.2018. The representatives of the stone crusher attended the legal hearing. The Committee noted that the Zonal Office, Kurnool has issued Closure order to the stone crusher on 25.01.2018 for operating without obtaining CFE/CFO order of the Board and for not providing adequate air pollution control measures and causing air pollution problems in the surrounding area. The committee also noted the status of
compliance of the Board directions. The JCEE, ZO, Kumool attended the meeting and informed that
new the stone crusher has obtained CFO order of the Board but not provided cladding to the primary
and secondary crushers; not provided elevated dust bunker for the collection of dust. The
representative of the stone crushers informed that they provided water sprinkling systems to control
fugitive dust emissions. He informed that they have covered the vibrating screens with G.I sheet.
They assured that they will complete laying of metal road within their premises within 3 months. It
was further informed that they will provide elevated dust bunker for collection of dust and cladding to
the primary and secondary crusher. Hence requested to consider this representation and issue
revocation of closure order, as they have compiled many of the directions issued by the Board.

After detailed discussions, the Committee recommended to issue Revocation of Closure Order order
with certain directions. Accordingly, the Board hereby issue Revocation of Closure Order with the
following directions under Sec.33 (A) of Water (Prevention and Control of Pollution) Amendment Act,
1986 and under Sec.31 (A) of Air (Prevention & Control of Pollution) Amendment Act, 1987:

1. The Stone Crusher shall provide cladding for primary and secondary crusher and
   elevated closed dust tank for collection of dust within one month.
2. The Stone Crusher shall continuously operate the air pollution control equipment so
   as to achieve the standard of 600 µg/m³ for SPM measured at a distance of 3 to 10
   mtrs.
3. The stone crusher shall continuous operate water sprinkling systems and shall
   provide flow meters with totalizer to record the quantity of water consumption for dust
   suppression at industry premises within one month.
4. The Stone Crusher shall provide wind breaking walls & internal metal roads within 3
   months
5. The stone crusher shall carryout regular cleaning and wetting of the ground to
   prevent the dust spreading to the surrounding areas.
6. The Stone Crusher shall spray water during loading and unloading of finished material
   and dust.
7. The Stone Crusher shall ensure that total premises including ramp area and approach
   road is always in wet condition.
8. The Stone Crusher shall develop thick green belt of width 5 mtrs along the boundary
   of the crusher.
9. The Stone Crusher shall ensure continuous compliance of the conditions stipulated in
   CFO order issued by the Board.

M/s A.P.S.P.D.C.L., has been requested to restore power supply to M/s. Sri Lakshmi
Venkateswara Stone Crusher (Formerly M/s. Sri Jaya Lakshmi Granite Metal Crushing Unit)
Velidadakala (GP), Pattikuntapalli (V), Somandapalli (M), Anantapuram District.

This Order is issued under Sec. 33(A) of the Water (Prevention & Control of Pollution) Amendment
Act, 1986 and under Sec. 31(A) of the Air (Prevention & Control of Pollution) Amendment Act, 1987.

You are hereby directed to note that, should you violate any one of the conditions mentioned above,
your unit will be closed under Sec. 33(A) of the Water (Prevention & Control of Pollution)
Amendment Act, 1988 and under Sec.31 (A) of Air (Prevention and Control of Pollution) Amendment
Act, 1987 without any further notice, in the interest of Public Health and Environment.

This Order comes into effect from today i.e., 30.05.2018.
