Order No.411/APPCB/UH-II/TF/TPT/2018-  

Dd. 31.05.2018.

TEMPORARY REVOCATION OF STOP PRODUCTION ORDER

Sub:  

Ref:  
3. Industry’s request letter dt.08.05.2018.  
5. Note approved by Member Secretary on 28.05.2018.

WHEREAS you are operating the industry in the name & style of M/s. Sun Gold Processed Foods, Nalagampalli (V & P), Bangarapalyam (M), Chittoor District and engaged in producing Concentrated Pulp - 40 TPD.

WHEREAS the Zonal Office, Kurnool vide reference 1st cited, has issued stop production order to the industry on 11.08.2017 for not operating of ETP, storing untreated effluents / treated effluents in unlined lagoons and thereby causing water pollution in the surrounding area.

WHEREAS the Board in the reference 2nd cited issued Consent for Operation (CFO) to your industry on 04.11.2016 to produce Concentrated Pulp - 40 TPD with a validity period upto 30.06.2026 duly stipulating certain conditions.

WHEREAS vide reference 3rd cited, the industry requested the Board to revoke the stop production order Dt: 08.05.2018 as they have upgraded ETP and they will provide leachate collection system for drying stone & peels.

WHEREAS the RO officials, Tirupati inspected the unit on 11.05.2018 vide reference 4th cited and submitted the report as follows:

1. It was observed that the industry is not operating ETP due to off-Season. The ETP inlet & outlet samples will be collected in the coming season (June-2018) and will be submitted for analysis to Zonal Lab, Kurnool. However, the industry has renovated and upgraded the existing ETP capacity of 250 KLD consisting of Bar screen chamber, auto bar screen. Bar screen grid -1 (2 Nos), Flash mixing and primary clarifier tank, Flash mix tank agitator, Coagulation and flocculation, retrievable arrangements for aeration tank, diffuser type aeration tank and equalization tank, Pressure sand filter, activated carbon filter, chlorine dosage tank and sludge drying beds and the civil works will be completed by 3rd week of May, 2018 and trail runs will take place before coming season.
2. The proponent informed that they have taken 6 acres of land adjacent to the industry and tarpaulin will be placed on the naked ground for drying of mango seeds and peels.
3. The industry has procured energy meter for installing to the effluent treatment plant. The installation of separate energy meter will be completed only after completion of civil works of the ETP.
4. The industry closed the drain and proposed to dispose treated effluents through tankers to the adjacent land (10 acres) for utilizing treated water for onland for gardening.
5. It was observed that the industry has planted saplings an area of about 240 Nos and also acquired additional land 10 acres for utilizing the treated water onland for irrigation in additional to the existing 22 acres,9 acres buildup area + 6 acres of land for drying of seeds & peels + 4 acres of mango garden + vacant land 3 acres for using treated water for onland for irrigation.
In view of the facts mentioned above, the Board hereby issue **Temporary Revocation of Stop Production order for period one year** with the following directions under Sec.33 (A) of Water (Prevention and Control of Pollution) Amendment Act, 1988 and under Sec.31 (A) of Air (Prevention & Control of Pollution) Amendment Act, 1987:

1. The industry shall operate the ETP continuously to ensure compliance of prescribed discharge standards and shall not discharge any treated/unreated effluent outside the premises under any circumstances.
2. The industry shall install energy meters & flow meters and maintain record the fresh water consumption and shall furnish the consolidated water consumption to EE, RO, Tirupati.
3. The industry shall utilize the treated effluent in their ownland for onland irrigation/greenbelt development.
4. The industry shall continuously operate the air pollution control equipment attached to boiler of 1x3.0 TPH capacity to comply with prescribed emission standards.
5. The industry shall construct covered shed for storage of dried seeds and peels within one month.
6. The industry shall construct lined platform with leachate collection system for drying mango stones and peels. The leachate collected near seeds / peels drying area shall be taken to ETP for further treatment.
7. The industry shall develop the thick green belt all along the periphery within the plant premises in the ensuing monsoon season.
8. The industry shall ensure continuous compliance of the conditions stipulated in the CFO & HWA order obtained from the Board.

You are hereby directed to note that, should you misuse this order to operate the unit beyond the time period given to you and violate any one of the conditions mentioned above, your unit will be closed under Sec.33 (A) of Water (Prevention and Control of Pollution) Amendment Act, 1988, and under Section 31 (A) of Air (Prevention & Control of Pollution) Amendment Act, 1987, in the interest of Public Health and Environment and you will be also liable for prosecution in the Court of Judicial Magistrate First Class under Sec.41 (2) of Water (Prevention and Control of Pollution) Amendment Act, 1988 and under Sec.37(1) of Air (Prevention and Control of Pollution) Amendment Act, 1987, the punishment for which includes imprisonment for a term which shall not be less than one year six months and which may be extended to six years and with fine.

**This Order comes into effect from today i.e., 31.05.2018.**
