WHEREAS you are operating the industry in the name & style of M/s. Wipro Infrastructure Engineering, Plot No.226/D, Nearer IDA, APIIC, Thumakunta Village, Hindupur Mandal, Anantapur District for manufacturing of Piston Rods – 15.0 Lakhs/annum.

WHEREAS vide reference 2nd cited, a complaint was received from Sri. Nandamuri Balakrishna, MLA, Hindupur, Anantapur district stating that local people of Thumukunta Industrial Area and surrounding villages have represented to him that chemical factories and Iron factories in that area are causing pollution.

WHEREAS reference 3rd cited, the Board issued the following directions to the industry:

1. The industry shall operate all the units of ETP, MEE and RO Plant regularly.
2. The industry shall not discharge untreated effluents on land either within the premises or outside the premises.
3. The industry shall dispose off all hazardous waste to TSDF immediately.
4. The industry shall maintain records regularly regarding quantity of effluent generated, treated, recycled, used for on land for irrigation etc.,
5. The industry shall provide electromagnetic irreversible digital flow meter with totalizer at the inlet and outlet of ETP, RO and MEE systems within one month.
6. The industry shall store hazardous waste on elevated platform under a shed.
7. The industry shall start plantation within premises for 33% of area within next 15 days.
8. The industry shall submit the BG of Rs.8.0 Lakhs immediately to comply with Board directions within 3 months.

WHEREAS vide reference 4th cited, the EE, RO, Kurnool has inspected the industry on 05.02.2016 and furnished the report on non-compliance of Board directions.

WHEREAS vide reference 5th cited, hearing was conducted by the Task Force Committee of A.P. Pollution Control Board on 16.04.2016. The representative of the industry attended the legal hearing. The Committee noted the general non-compliance of the directions. The representative of the industry informed that they will install the Electromagnetic flow meters with totalizer at the inlet and outlet of ETP, RO and MEE system by end of this month. They informed that they will develop thick green belt in the ensuing monsoon season.

The Committee, after detailed discussions, recommended to issue the following directions:

1. **The industry shall provide electromagnetic irreversible digital flow meter with totalizer at the inlet and outlet of ETP, RO and MEE system within one month.**
2. **The industry shall construct raised concrete platform under a closed shed for the storage of all raw materials / hazardous waste / intermediate chemicals.**
3. **The industry shall develop thick green belt within the plant premises during coming monsoon season.**

4. **The industry shall comply all directions issued by the Board vide order dt. 09.01.2016.**

5. **The industry shall ensure the validity of CFO of the Board and ensure continuous compliance of the conditions issued by the Board.**

The order is issued under Sec.31(A) of Air (Prevention and Control of Pollution) Act, 1987 and under Sec.33 (A) of the Water (Prevention & Control of Pollution) Amendment Act, 1988.

You are hereby directed to note that, should you violate any one of the directions mentioned above, your unit will be closed under Sec.33(A) of Water (Prevention & Control of Pollution) Amendment Act, 1988 and Sec.31(A) of Air (Prevention & Control of Pollution) Amendment Act, 1987 without any further notice, in the interest of Public Health and Environment.

This Order comes into effect from today i.e., **25.04.2016.**
