The production order is issued to the Ind. (ID) under the provisions of the Water Pollution Control Act and is based on the following findings:

1. The Ind. is the operator of the facility.
2. The Ind. is producing bulk drug products.
3. The Ind. is engaging in activities that are likely to cause pollution.

The provisions of the Water Pollution Control Act are being applied to ensure compliance.

Order No. 2000/APPB/ULTR/TP/2018-29

Read Part With A/C Due

Anubhav Street, Kashipur, U.P., 244401
Andhra Pradesh Pollution Control Board
Report of compliance on stop production order within 46 hours.

The Environmental Engineer, Regional Office, issued a stop production order in pursuance of the previous notice. You are hereby directed to suspend the stop production order and submit a report of the action taken.

Copy to:

Chief Engineer,

Member Secretary.

This order comes into effect from today 6.3.2010.

In view of the facts mentioned above, the Board hereby issue stop production order to your factory, subject to the condition that the order of suspension of production order will be lifted at 10.00 a.m. on the next working day.

1. The suspension is not provided for de-Commissioning of hazardous equipment.

2. The suspension is not provided for de-Commissioning of hazardous equipment.
