1. M/s Gayathri Milk Dairy, Sy.No.126/7, Kakkalapalli(V), Anantapuram (M & Dist) has obtained CFO of the Board vide order dt. 12.10.2018 with a validity period up to 30.09.2020 to produce Pasteurized Milk – 24 KLD.

2. The RO, Anantapur vide letter dt. 26.09.2019 stated that the unit upgraded the ETP as per Board’s instructions and requested for extension of CFO for two more years. i.e. up to 30.09.2022. The unit was inspected by the EE, RO, Anantapur on 17.09.2019 and it was observed that the unit had upgraded the ETP by constructing an ETP consisting of primary collection tank, Aeration tank, Secondary collection tank and Dual med filter. On the day of inspections, the unit of ETP were in operation, and the treated effluents had not reached the dual media filters, Hence samples of treated effluent could not be collected.

3. The representative of the industry informed that the treated effluents was being utilized in the land owned by the industry, which is away from the industry, for gardening. It was also informed that the treated waste water was being transported to industry’s own land, which is away from the industry through tankers and further submitted that there are no complaints against the industry.

ZO, Remarks:

RO reported that the industry upgraded the ETP and all the units were operating during the inspection and the samples could not be collected as the treated effluents as not reached the dual media filters.

In view of the RO report and upgradation of ETP with proper treatment units the issue of consent may be considered by the Committee.
