CONSENT & BMW AUTHORIZATION ORDER

Order No. CDP- 621/APPCC/ZO-KNL/CFO &BMW/2019  Date:05.09.2019

CONSENT is hereby granted for Operation under section 25/26 of the Water (Prevention & Control of Pollution) Act, 1974 and under section 21 of Air (Prevention & Control of Pollution) Act 1981 and amendments thereof and renewal of authorization under Rule 10 of the Bio Medical Waste management Rules, 2016 and orders made there under (hereinafter referred to as 'the Acts’, ‘the Rules’) to:

M/s.Community Health Centre, APVVP, Rajampeta, YSR District, Kadapa. (hereinafter referred to as the “the Applicant”) authorizing to operate the industrial plant to discharge the effluents from the outlets and emissions from the chimneys and generation and disposal of Hazardous Waste as detailed below:

i. Outlets for discharge of effluents:

<table>
<thead>
<tr>
<th>Outlet No.</th>
<th>Outlet Description</th>
<th>Max Daily Discharge</th>
<th>Point of Disposal</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Floor and equipment Washings</td>
<td>10.0 KLD</td>
<td>After disinfection, the washing effluents shall be further treated in STP along with domestic effluents. After treatment in STP, the treated water shall be discharged into municipal sewer after meeting standards prescribed in schedule B enclosed.</td>
</tr>
<tr>
<td>2</td>
<td>Domestic Effluents</td>
<td>4.5 KLD</td>
<td></td>
</tr>
</tbody>
</table>

ii. Bio –Medical Waste Authorization (Form-III) [see Rule 10]

(Authorisation for the occupier for generation, collection, reception, treatment, storage, transport and disposal of biomedical wastes)

M/s.Community Health Centre, APVVP, Rajampeta, YSR District, Kadapa. is hereby granted an authorisation for; “Generation, segregation, Collection, Storage, packaging, Reception, Transportation Treatment or processing or conversion, Recycling, Disposal or destruction use offering for sale, transfer and any other form of handling of Bio Medical Wastes”.

M/s.Community Health Centre, APVVP, Rajampeta, YSR District, Kadapa is hereby authorized for handling of biomedical waste as per the capacity given below;
Number of beds of HCF: 50

**Quantity of Biomedical waste handled, treated or disposed:**

<table>
<thead>
<tr>
<th>Sl. No.</th>
<th>Type Waste category</th>
<th>Quantity permitted for handling</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Yellow (Human Anatomical Waste, Animal waste, expired or Discarded medicines and Cytotoxic Drugs, Soiled Waste contaminated with blood, and chemical waste in production of biological etc..)</td>
<td>75.0 Kgs/month</td>
</tr>
<tr>
<td>2</td>
<td>Red (Contaminated waste (Recyclable)</td>
<td>70.0 Kgs/ month</td>
</tr>
<tr>
<td>3</td>
<td>White (Translucent) (Waste sharps including Metals)</td>
<td>5.0 Kgs/ month</td>
</tr>
<tr>
<td>4</td>
<td>Blue (Glassware)</td>
<td>45.0 Kgs/ month</td>
</tr>
</tbody>
</table>

This order is valid for operating hospital for following bed strength only.

<table>
<thead>
<tr>
<th>Sl. No.</th>
<th>Activity</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Hospital - 50 beds.</td>
</tr>
</tbody>
</table>

This order is subject to the provisions of ‘the Acts’ and the Rules’ and further subject to the terms and conditions incorporated in the Schedule A, B and C enclosed to this order.

This combined order of Consent and Bio Medical waste Authorization shall be valid for a period ending with the **31.03.2020**.

**K Venkateswara Rao**

**JOINT CHIEF ENVIRONMENTAL ENGINEER**

**ZONAL OFFICE, KURNOOL**

To
M/s. Community Health Centre,
APVVP,
Rajampeta, YSR District, Kadapa.

Copy to the Environmental Engineer, RO, Kadapa for information.
SCHEDULE – A

1. Any up-set condition in any industrial plant / activity of the industry, which result in, increased effluent / emission discharge and/or violation of standards stipulated in this order shall be informed to this Board, under intimation to the Collector and District Magistrate and take immediate action to bring down the discharge / emission below the limits.

2. The Health Care Facility (HCF) shall put up two sign boards (6x4 ft. each) at publicly visible places at the main gate indicating the products, effluent discharge standards, air emission standards, hazardous waste quantities and validity of CFO and exhibit the CFO order at a prominent place in the factory premises.

3. Notwithstanding anything contained in this consent order, the Board hereby reserves the right and powers to review / revoke any and/or all the conditions imposed herein above and to make such variations as deemed fit for the purpose of the Acts by the Board.

4. The applicant shall submit Environment statement in Form V before 30th September every year as per Rule No.14 of E(P) Rules, 1986 & amendments thereof.

5. The applicant shall make applications through Online for renewal of Consent (under Water and Air Acts) and Authorization under HWM Rules at least 120 days before the date of expiry of this order, along with prescribed fee under Water and Air Acts and detailed compliance of CFO conditions for obtaining Consent, HW Authorization and Bio Medical Waste Authorization of the Board. The industry should immediately submit the revised application for consent to this Board in the event of any change in the raw material used, processes employed, quantity of trade effluents & quantity of emissions. Any change in the management shall be informed to the Board. The person authorized should not let out the premises / lend / sell / transfer their industrial premises without obtaining prior permission of the State Pollution Control Board.

6. Any person aggrieved by an order made by the State Board under Section 25, Section 26, Section 27 of Water Act, 1974 or Section 21 of Air Act, 1981 may within thirty days from the date on which the order is communicated to him, prefer an appeal as per Andhra Pradesh Water Rules, 1976 and Air Rules 1982, to Appellate authority constituted under Section 28 of the Water(Prevention and Control of Pollution) Act, 1974 and Section 31 of the Air(Prevention and Control of Pollution) Act, 1981.

SCHEDULE – B

Water:

1. The Health Care Facility (HCF) shall take steps to reduce water consumption to the extent possible and consumption shall not exceed the quantities mentioned below:

<table>
<thead>
<tr>
<th>Sl.No.</th>
<th>Input</th>
<th>Quantity ( In KLD)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Washings of floors and equipments</td>
<td>10.0</td>
</tr>
<tr>
<td>2</td>
<td>Domestic</td>
<td>5.0</td>
</tr>
<tr>
<td>Total</td>
<td></td>
<td>15.0</td>
</tr>
</tbody>
</table>

2. The effluents discharge shall not contain constituents in excess of the tolerance limits mentioned below:

<table>
<thead>
<tr>
<th>Outlet</th>
<th>Parameter</th>
<th>Limiting Standards</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 &amp; 2</td>
<td>pH</td>
<td>6.5-9.0</td>
</tr>
<tr>
<td></td>
<td>Suspended Solids</td>
<td>100.0 mg/l</td>
</tr>
<tr>
<td></td>
<td>Biochemical Oxygen Demand (3 days at 27°C)</td>
<td>30.0 mg/l</td>
</tr>
<tr>
<td></td>
<td>Chemical Oxygen Demand (COD)</td>
<td>250.0 mg/l</td>
</tr>
<tr>
<td></td>
<td>Oil and Grease</td>
<td>10.0 mg/l</td>
</tr>
<tr>
<td></td>
<td>Bio–assay test</td>
<td>90% survival of fish after 96 hours in 100% effluent</td>
</tr>
</tbody>
</table>

3. The HCF shall construct and commission Sewage Treatment Plant (STP)/Effluent Treatment Plant (ETP) within 3 months time to meet the standards mentioned above.
4. The HCF shall comply with National Ambient Air Quality standards, as per MoEF&CC, GoI, notification dated 18.11.2009 along the premises at the periphery of the HCF as prescribed below.

<table>
<thead>
<tr>
<th>S.No</th>

Noise levels: Day time (6AM to 10 PM) – 75 dB (A)  
Night time (10 PM to 6 AM) - 70 dB (A)

**GENERAL:**

5. The HCF shall develop green belt in all the vacant places of the premises.

**SCHEDULE - C**

[See Rule 10]

1) The HCF shall take all necessary steps to ensure that bio-medical waste is handled without any adverse effect to human health and the environment and in accordance with these rules;

2) The HCF shall make a provision within the premises for a safe, ventilated and secured location for storage of segregated biomedical waste in colored bags or containers in the manner as specified in Schedule I, to ensure that there shall be no secondary handling, pilferage of recyclables or inadvertent scattering or spillage by animals and the biomedical waste from such place or premises shall be directly transported in the manner as prescribed in these rules to the common bio-medical waste treatment facility or for the appropriate treatment and disposal, as the case may be, in the manner as prescribed in Schedule I;

3) The HCF shall pre-treat the laboratory waste, microbiological waste, blood samples and blood bags through disinfection or sterilisation on-site in the manner as prescribed by the World Health Organisation (WHO) or National AIDS Control Organisation (NACO) guidelines and then sent to the common bio-medical waste treatment facility for final disposal;

4) The HCF shall phase out use of chlorinated plastic bags, gloves and blood bags within two years from the date of notification of these rules;

5) The HCF shall dispose of solid waste other than bio-medical waste in accordance with the provisions of respective waste management rules made under the relevant laws and amended from time to time;

6) The HCF shall not to give treated bio-medical waste with municipal solid waste;

7) The HCF shall provide training to all its health care workers and others, involved in handling of bio medical waste at the time of induction and thereafter at least once every year and the details of training programmes conducted, number of personnel trained and number of personnel not undergone any training shall be provided in the Annual Report;

8) The HCF shall immunise all its health care workers and others, involved in handling of bio medical waste for protection against diseases including Hepatitis B and Tetanus that are likely to be transmitted by handling of bio-medical waste, in the manner as prescribed in the National Immunisation Policy or the guidelines of the Ministry of Health and Family Welfare issued from time to time;

9) The HCF shall establish a Bar- Code System for bags or containers containing biomedical waste to be sent out of the premises or place for any purpose within one year from the date of the notification of these rules;

10) The HCF shall ensure segregation of liquid chemical waste at source and ensure pre-treatment or neutralisation prior to mixing with other effluent generated from health care facilities;

11) The HCF shall ensure treatment and disposal of liquid waste in accordance with the Water (Prevention and Control of Pollution) Act, 1974 (6 of 1974);
12) The HCF shall ensure occupational safety of all its health care workers and others involved in handling of biomedical waste by providing appropriate and adequate personal protective equipments;

13) The HCF shall conduct health check up at the time of induction and at least once in a year for all its health care workers and others involved in handling of biomedical waste and maintain the records for the same;

14) The HCF shall maintain and update on day to day basis the bio-medical waste management register and display the monthly record on its website according to the biomedical waste generated in terms of category and colour coding as specified in Schedule I;

15) The HCF shall make available the annual report on its web-site and all the health care facilities shall make own website within two years from the date of notification of these rules;

16) The HCF shall inform the prescribed authority immediately in case the operator of a facility does not collect the bio-medical waste within the intended time or as per the agreed time;

17) The HCF shall maintain all record for operation of hydro or autoclaving etc., for a period of five years;

18) The Bio-medical waste shall be treated and disposed of in accordance with Schedule I, and in compliance with the standards provided in Schedule-II by the health care facilities and common bio-medical waste treatment facility.

19) The HCF shall hand over segregated waste as per the Schedule-I to common bio-medical waste treatment facility (CBMWTF) for treatment, processing and final disposal: Provided that the lab and highly infectious bio-medical waste generated shall be pre-treated by equipment like autoclave or microwave, before giving these wastes to CBMWTF.

20) No occupier shall establish on-site treatment and disposal facility, if a service of common biomedical waste treatment facility is available at a distance of seventy-five kilometer.

21) The HCF after ensuring treatment by autoclaving or microwaving followed by mutilation or shredding, whichever is applicable, the recyclables from the treated bio-medical wastes such as plastics and glass shall be given to such recyclers having valid authorisation or registration from the respective prescribed authority.

22) The Occupier or Operator of a common bio-medical waste treatment facility shall maintain a record of recyclable wastes referred to in Rule 7 (9) which are auctioned or sold and the same shall be submitted to the prescribed authority as part of its annual report. The record shall be open for inspection by the prescribed authorities.

23) The handling and disposal of all the mercury waste and lead waste shall be in accordance with the respective rules and regulations.

24) No untreated bio-medical waste shall be mixed with other wastes.

25) The bio-medical waste of HCF shall be segregated into containers or bags at the point of generation in accordance with Schedule I prior to its storage, transportation, treatment and disposal.

26) The containers or bags referred to in Rule 8 (2) shall be labeled as specified in Schedule IV.

27) Bar code and global positioning system shall be added by the Occupier and common bio-medical waste treatment facility in one year time.

28) Untreated human anatomical waste, animal anatomical waste, soiled waste and, biotechnology waste shall not be stored beyond a period of forty –eight hours: Provided that in case for any reason it becomes necessary to store such waste beyond such a period, the occupier shall take appropriate measures to ensure that the waste does not adversely affect human health and the environment and inform the prescribed authority along with the reasons for doing so.

29) Microbiology waste and all other clinical laboratory waste shall be pre-treated by sterilisation to Log 6 or disinfection to Log 4, as per the World Health Organisation
guidelines before packing and sending to the common bio-medical waste treatment facility

30) Every occupier or operator of common bio-medical waste treatment facility shall submit an annual report to the prescribed authority in Form-IV, on or before the 30th June of every year.

31) Every authorised person shall maintain records related to the generation, collection, reception, storage, transportation, treatment, disposal or any other form of handling of bio-medical waste, for a period of five years, in accordance with these rules and guidelines issued by the Central Government or the Central Pollution Control Board or the prescribed authority as the case may be.

32) All records shall be subject to inspection and verification by the prescribed authority or the Ministry of Environment, Forest and Climate Change at any time.

33) In case of any major accident at any institution or facility or any other site while handling bio-medical waste, the authorised person shall intimate immediately to the prescribed authority about such accident and forward a report within twenty-four hours in writing regarding the remedial steps taken in Form I.

34) The information regarding all other accidents and remedial steps taken shall be provided in the annual report in accordance with rule 13 by the occupier.

35) Chemical treatment should be carried out using at least 10% Sodium Hypochlorite having 30% residual chlorine for twenty minutes or any other equivalent chemical reagent that should demonstrate Log10 reduction efficiency for microorganisms as given in Schedule II.

36) The Bio-Medical waste shall be disposed for treatment after disinfection and segregation to the following Common Bio-Medical Waste treatment
