The industry in the reference 2nd cited has requested the Board for CFO amendment for existing CFO order dated 08.05.2019 pertaining to change of product name; of the product; revision of Hazardous Waste quantity and inclusion of additional by product in the CFO order.
The issue was placed in the CFO committee meeting held on 17.07.2019. The industry representatives have attended the meeting. After detailed discussions, the committee recommended to issue certain amendments as sought by the industry with certain conditions.

The Board after careful examination of the request of the industry, RO report and recommendations of the CFO committee hereby issues the following amendment to the CFO order dated 08.05.2019:

a. The name of the product 4-Nitro-N-methyl phthalimide (4-NP) mentioned at Sl.No.4 in the products table shall be read as 4-Nitro-N-methyl phthalimide (4-NPI).
b. The Hazardous Waste quantity of Miscellaneous waste (Spill control waste) in the Hazardous Waste Authorization shall be read as 6 TPA in instead of 6 TPD.
c. Under the list of byproducts, Gypsum is included as Spent Sulphuric acid of 245126 kg/day or Gypsum – 75,000 kg/day.

The industry shall also comply with the following additional conditions:

ii. The industry shall provide the designated area for Gypsum storage within 3 months.
iii. The industry shall provide automated mechanized system for loading limestone and hydrated lime through silos equipped with bag filters with sufficient vent.

All other conditions mentioned in Schedules A, B & C of the CFO&HWA order dated 08.05.2019 (ref. 1) will remain same.
