| 1.    | M/s. Road metal of Mine of Smt.T.Lakshmamma, Sy.No.01, Kachavaram (V), Ibrahimpatnam (M), Krishna District. | Mining of Road Metal | New | The CFE committee in its meeting held on 16.09.2019, examined the CFE application of the industry and RO verification report.  

The committee observed that i) this is a Road metal mine proposed to located at Sy.No.01, Kachavaram (V), Ibrahimpatnam (M), Krishna District to mine road metal of 50,002 m³/annum to an extent of 2.234 Ha. with project cost of Rs.17.0 Lakhs in the name of M/s. Smt. T. Lakshmamma ii) The project proponent has not obtained EC  iii) The RO reported that Kachavaram village is located at a distance of about 1.0 Kms from the proposed mining site. iv) The proponent obtained mining lease for a period of 5 years from the Deputy Director, Mines & Geology, Vijayawada vide mining plan approval letter no:166/Q3/2019, dt.02.07.2019. v) RO reported that the proponent of the mining unit have to maintain a setback distance 7.5 mtrs as buffer zone all around the mine lease area for green belt development.  

After detailed discussion, the committee recommended to issue CFE to this mine after submission of copy of Environmental Clearance (EC) obtained from MoEF, GoI for the proposed mine. |

The committee observed that i) this is an Iron castings manufacturing unit with production capacity of 120 Tons/Annum by using Iron scrap & additives at APIIC-Model Industrial Park, Mallavalli (V), Bapulapadu (M), Krishna District in the name of M/s. Volcan Industries, with total project cost of Rs.95 lakhs. ii) Industry proposed to install Induction Furnace with production capacity of 300 Kgs /Batch and proposed to provide fume extraction system with wet scrubber and suitable height stack as APCE to control & disperse emissions.  

After detailed discussion, the committee recommended to issue CFE to this industry with necessary conditions. |

<td>De-heading and de-veining of Shrimp</td>
<td>New (Re-submission)</td>
<td>The CFE committee in its meeting held on 16.09.2019, examined the CFE application of the industry and RO verification report. Earlier the proponent submitted CFE application for the same line of activity in the same location for which the Board issued rejection order on 31.05.2019 for the proposal of the establishment of the De-heading and de-veining of Shrimp unit for the following reasons. a) The industry is in close proximity to habitation i.e., 18 mts., b) Water &amp; air problems are well anticipated. c) Sufficient land is not available for land application of treated effluent, d) Not proposed any treatment for domestic effluent of 14.4 KL/day (320 workers), e) The industry is discharging untreated effluent into the abutting drain. During the perusal of the CFE application made by the industry in the CFE committee meeting on 16.09.2019, the committee observed that, now, the industry again applied for the CFE of the Board for the same location and the same products (line of activity) through OCMMS.</td>

**Member-convener**
### Recommendations of the Committee

Sri K. Hari Krishna, Director of the industry attended the CFE meeting and informed that they will acquire 3.14 Acres of land on lease basis for utilization of treated effluents and assured that they will not discharge effluents outside the premises.

The committee opined that the CFE application can’t be considered as the Board has already rejected CFE for this line of activity at the same location.

After detailed discussion, the committee recommended to reject the CFE application, as i) the industry is in close proximity to habitation i.e., 18 mts., ii) water & air problems are well anticipated, iii) sufficient land is not available for land application of treated effluent, iv) not proposed any treatment for domestic effluent of 14.4 KL/day (320 workers) and v) the industry is discharging untreated effluent into the abutting drain.

<td>Restaurant with Micro Brewery</td>
<td>New</td>
<td>The CFE committee in its meeting held on 16.09.2019, examined the CFE application of the industry and RO verification report. The committee observed that i) This is an establishment of restaurant with Micro Brewery to produce Beer proposed at S.No.119, R.W.No.13, D.No.40-1-52/6, M.G.Road, Benz Circle, Vijayawada, Krishna District in the name of M/s. Hangover Brewery with total project cost of Rs.2.19 crores. ii) The unit is proposed in commercial area followed by residential area viz. Acharya Ranga Nagar, Benz Circle. iii) The proposed unit will be generating small quantity of liquid waste (0.2 KLD) which is proposed to be sent to CETP, Autonagar for treatment. Further, the committee also observed that the ZO, Visakhapatnam has issued CFE to the similar type of brew pub at Visakhapatnam, as per the clearance accorded by the CFE committee at Board office during its meeting held on 18.12.2017. The copies of the minutes of the meeting was placed before the CFE committee of ZO, Vijayawada on 16.09.2019 for perusal and for further recommendations. After detailed discussion, the committee recommended to issue CFE to this industry with necessary conditions.</td>
