<td>1.</td>
<td>M/s. Purus Laboratories Private Limited., Unit-VI, Plot No. 2A, APSEZ, APIIC, Moturupalem (V), Rambilli (M), Visakhapatnam District – CFO and HWA (Fresh)</td>
<td>M/s. Purus Laboratories Private Limited., has established a specialty chemicals manufacturing industry at Plot No. 2A, APSEZ, APIIC, Moturupalem (V), Rambilli (M), Visakhapatnam district, in an extent of 40,446.0 Sq Mts. The industry has obtained CFE of the Board vide order dated 22.12.2017 with 2 no. of products and R&amp;D products with a maximum production capacity of 21010.0 Kg/day. The industry applied for 1st CFO of the Board through AP OCMEMS upto 30.06.2023. The representative of the industry attended the meeting and informed to the committee that they are in the process of construction of storm water drains; received VOC monitoring system at site; will provide solvent transfer pumps, closed centrifuges, vent condensers within 10 days; will provide storage shed with raised platform for drums within 1 month; will provide drum detoxification facility within 1 month; will develop green belt within 1 month; already provided separate energy meter to the air pollution control equipment i.e., bag filter to the boiler; received digital meters for HTDS &amp; LTDS effluent, web camera at site and the same will be connected to CPCB website within 1 week; received scrubber with pH meter at site; constructed above ground level effluent collection tanks. He informed that the production will be started in a week time and most of the works will be completed by that time. LTDS &amp; HTDS effluent will be sent to the CETP at JNPC, Parawada as the CETP at Atchutapuram was not yet completed. <strong>Recommendations:</strong> After detailed discussions on verification report of the EE, RO: Visakhapatnam, agenda and submissions of the industry representatives the committee recommended to issue CFO&amp;HWA (Fresh) to the industry with a validity period up to 30.06.2023 with a condition that the industry shall start production / trail run only after installation of flow meters for LTDS and HTDS effluent; web camera connected to CPCB website; installation of VOC meter; and scrubber with online pH meter to the reactors.</td>

<td>M/s. Dr. Reddy’s Laboratories Limited (CTO-VI), IDA, Pydibhimeevaram, Ranasthalam (M), Srikakulam District – CFO amendment</td>
<td></td>
</tr>
</tbody>
</table>

**MEMBER SECRETARY**

**CHAIRMAN**
The Board vide order dated 29.04.2017 issued CFO order to M/s. Dr. Reddy’s Laboratories Ltd., (CTO-Unit-VI) which is valid upto 30.04.2022. As per the CFO the industry is permitted to generate 428.23 KLD of HTDS effluent, 575 KLD of LTDS effluent and 55 KLD of domestic effluent. M/s. Reddy’s Laboratories Ltd., (CTO-Unit-VI) is having effluent treatment capacity to handle 500 KLD of HTDS effluent, 1245 KLD of LTDS effluent & 100 KLD of domestic effluent. Based on the data of past 9 months, the industry is generating HTDS effluent in the range of 54-71 KLD, LTDS effluent in the range of 220-339 KLD and domestic effluent in the range of 19-30 KLD.

The Board vide order dated 18.06.2017 issued CFO to M/s. Reddy’s Laboratories Ltd., (API-SEZ unit) which is valid upto 31.08.2022. As per the CFO, the industry is permitted to generate 68.64 KLD of HTDS effluent, 612 KLD of LTDS effluent & 72 KLD of domestic effluent. M/s. Reddy’s Laboratories Ltd., (API-SEZ) is having effluent treatment capacity to handle 150 KLD of HTDS effluent, 550 KLD of LTDS and 100 KLD of domestic effluents. The industry is generating 3-12 KLD of HTDS effluent, 154-239 KLD of LTDS effluent and 50-74 KLD of domestic effluent.

Both units have provided ZLD system and now proposes to send the effluent generated in the API-SEZ unit to CTO-Unit-VI for treatment by laying 3 nos. of pipelines of 2.3 km length. The domestic effluent generated in the API-SEZ plant will be treated in the STP located in the API-SEZ itself.

**Recommendations:**

After detailed discussions on verification report of the EE, RO: Vizianagaram, agenda and submissions of the industry representatives the committee recommended to amend the CFO&HWA orders dated 29.04.2017 & 18.06.2017 permitting the API-SEZ unit to send effluent to CTO-Unit-VI for treatment and disposal to utilize the buffer capacity of ETP / ZLD available.

4. **M/s. GSL Educational Society, GSL Medical College & General Hospital, NH-16, Lakshmipuram, Rajamahendravaram, East Godavari District - CFO & HWA (Renewal)**

M/s. GSL Educational Society, GSL Medical College & General Hospital, NH-16, Lakshmipuram, Rajamahendravaram, East Godavari District is operating with 1000 bedded capacity. The Medical College & Hospital is a super specialty hospital having specialization with Cardiology, Oncology, Gastroentrology, General & Laparoscopic Surgery, General Medicine & Critical Care, Obstetrician & Gynecology, Orthopedics, Neuro Surgery, ENT, Ophthalmology, Radiology & Nephrology etc. Water is using for Floor washing, Laboratory and domestic purposes. The waste water generated from the Medical College, Hostel & Hospital is about 540 KLD and storing in unlined lagoon. Part of the wastewater is being treated in STP of capacity 300 KLD and being used for onland for plantation and the remaining is being stored in unlined lagoon.

Earlier, the issue was placed in the CFO committee meeting held on 29.08.2017, the committee recommended the following:

1. The HCF shall obtain Environmental Clearance.
2. The HCF shall take up the inventory of water consumption and waste water generation and then design biological STP for treatment of the effluents.
3. The HCF shall provide water meters for measuring the raw water intake and waste water generation.
4. The HCF shall submit action plan development of 33% of green belt.
The HCF representative attended the meeting and informed that they are in the process of filing application for Environmental Clearance; engaged a consultant to carry out EIA studies; will construct 500 KLD capacity STP instead of 300 KLD with an investment of Rs. 1.0 crore; will provide water meters; and provided green belt more 33%. He informed that they are treating raw water in RO plant and RO rejects are being mixed with treated wastewater before disposal.

**Recommendations:**

After detailed discussions on verification report of the EE, RO: Kakinada, agenda and submissions of the industry representatives the committee recommended to issue CFO, HWA & BMWA (Renewal) to the HCF with a validity period up to 31.01.2022 with the following additional conditions:

1. The HCF shall obtain Environmental Clearance within 2 months time.
2. The HCF shall construct and commission 500 KLD STP within 3 months time as committed in the CFO Committee meeting dated 19.07.2018.
3. The HCF shall provide water meters for measuring the raw water intake and wastewater generation within 1 month.
4. The HCF shall recycle treated wastewater for flushing of toilets and excess wastewater shall be utilized for greenbelt development.
5. The HCF shall ensure that there shall not be any discharge of wastewater outside the premises, even during rains.

</tr>
</tbody>
</table>
LIMITED, (Transferor Company) and M/s. Aktois Pharma Pvt. Ltd., Unit - II (Transferee Company) under section 233 of the Companies Act, 2013.

Recommendations:
After detailed discussions, the Committee recommended that the industry’s representation may be considered for name change from M/s. Aktois Healthcare Pvt. Ltd., to M/s. Aktois Pharma Pvt. Ltd., Unit - II and accordingly amendment may be issued to the CFO order.

7. M/s. Mahidhara Chemicals Pvt. Ltd., Plot No. 81, Jawaharlal Nehru Pharma City, Parawada, Visakhapatnam District – Amendment

M/s. Mahidhara Chemicals Pvt. Ltd., is operating a Chemical industry at Plot No.81 of JN Pharmacity, Parawada, Visakhapatnam in an extent of 6.14 Acres.

The industry has obtained CFE for expansion on 05.03.2017 to manufacture 5 products on campaign basis i.e., all 4 products from regular group – 5333.33 kgs/day, 1 product from campaign group – 1333.33 kgs/day with a maximum capacity of 6,666.66 Kgs/day at any point of time and CFO was obtained for the same quantities for a period up to 31.12.2021

Further, the industry has obtained CFE (amendment) order dated 14.07.2018 for incorporation of validation products / R & D products 100.0 Kg/day in regular products group by reducing 1 regular product namely N-Butyl chloride from 1333.33 Kgs/day to 666.66 Kgs/day.

Recommendations:
After detailed discussions on verification report of the EE, RO: Visakhapatnam & agenda the committee recommended to issue CFO&HWA (amendment) to the industry for incorporation of validation products / R & D products 100.0 Kg/day in regular products group by reducing 1 regular product namely N-Butyl chloride from 1333.33 Kgs/day to 666.66 Kgs/day.

8. M/s. Eisai Pharmaceuticals India Pvt. Ltd., SEZ, Plot No.96, 97, 98, 124 & 126, JN Pharma City, Parawada, Visakhapatnam

M/s. Eisai Pharmaceuticals India Pvt. Ltd., is operating Formulation & API unit at Plot No.96, 97, 98, 124 & 126, JN Pharma City, Parawada, Visakhapatnam Dist in an extent of 50.67 acres with a capital investment of Rs.305.52 cr. The industry has obtained CFO vide order dated 01.10.2016 to manufacture Formulations and any two API products at any given point of time with a maximum production capacity of API products is 305.51 kg/day validity period upto 30.11.2017 and further extended up to 30.11.2022 under Auto Renewal. The industry has obtained CFE (Exp) Order No. 166 / APPCB/ CFE/RO- VSP/HO/2013, dated 22.06.2018 and now applied for CFO (Expansion) through AP OCMMS upto 30.11.2022.

The Committee noted that the COD of the effluent sample collected from the storm water drain of the industry is 3320 mg/lit. The Committee expressed displeasure on the industry for discharging the highly contaminated effluent into the storm water drain.

The representative of the industry attended the meeting and informed to the committee that the effluent spillage was happened due to pump leak near the production block; assured that it will not be happen again; sending the HTDS effluent to the CETP through tankers as volume of the HTDS effluent is very less; will connect the web camera of LTDS conveyance line to the CPCB within 10 days.

Recommendations:
After detailed discussions on verification report of the EE, RO: Visakhapatnam, agenda and submissions of the industry representatives the committee recommended to issue
FII

<td>9.</td>
<td>M/s. Krishnapatnam Port Co. Ltd., Krishnapatnam (V), Muthukur (M), SPSR Nellore District - Renewal of CFO&amp;HWA</td>
</tr>
<tr>
<td></td>
<td>M/s. Krishnapatnam Port Co. Ltd., SPSR Nellore District is a Port facility for handling, import &amp; export of bulk cargo and general cargo. The industry obtained CFO&amp;HWA on 24.09.2015 with validity upto 31.10.2018. The industry later obtained CFO Amendment on 01.02.2016 &amp; 17.01.2017 for certain modifications to the conditions stipulated in the CFO order dated 24.09.2015. The industry obtained CFO Amendment on 05.05.2016 for enhancement of coal quantity and No. of berths. Now the industry applied for Renewal of CFO&amp;HWA along with the above amendments for a period of five years i.e. up to 31.10.2023 through Single Desk Portal. The representatives of the industry attended the meeting and explained the committee that they have 8 sweeping machines; stopped wet sweeping; replaced the damaged GI sheets covered on belt conveyors with new GI sheets; have truck washing system; using atomizers for dust suppression; all sprinkling systems are working in cycles; covering dust cargo with tarpaulin; the location of the ground water is monitoring as per the EIA reports; STP is in working condition; as on date the facility is having 500 acres of greenbelt and continuing further plantation. <strong>Recommendations:</strong> After detailed discussions, the committee recommended to issue Renewal of CFO&amp;HWA to the industry duly incorporating the amendments with validity upto 31.10.2023 with relevant conditions.</td>
</tr>
<tr>
<td></td>
<td>M/s. Meenakshi Energy Limited, SPSR Nellore District is a Coal based Thermal power plant. The industry obtained CFO&amp;HWA for Phase - I (2 x 150 MW) on 21.06.2016 with validity upto 30.06.2021 and CFO&amp;HWA for Phase - II (1 x 350 MW) on 15.12.2017 with validity upto 31.08.2022. Now the industry applied for CFO&amp;HWA (Expansion) for 4th Unit of 1 x 350 MW through Single Desk Portal. The representatives of the industry attended the meeting and explained the committee that they are importing coal from Indonesia; provided Piezometric wells; completed outfall to sea; having lime handling system; no update on writ petition; the plant was in operation 25 days only for the last 6 months; planted 8000 saplings during the last year; 5000 plants were procured for plantation for this monsoon. <strong>Recommendations:</strong> After detailed discussions, the committee recommended to issue CFO (Expansion) for 4th Unit of 1 x 350 MW to the industry with validity upto 31.07.2023 with relevant conditions.</td>
</tr>
</tbody>
</table>
Now the industry applied for CFO&HWA for a period of five years i.e. up to 31.07.2023 through OCMMS.

The representatives of the industry attended the meeting and explained the committee that the park contains Shrimp Processing Plant, Corrugated Paper Board containers, Cold Storage, Peeling shed, NABL Accredited Laboratory and Ice manufacturing unit; completed construction of ETP and will be started within one month; obtained 50 acres from APIIC and proposed to utilize 100 acres land belong to M/s. KPCL, SPSR Nellore District for disposal of Treated effluent for plantation.

**Recommendations:**

After detailed discussions, the committee recommended to issue CFO&HWA to the industry with validity upto 31.07.2023 with relevant conditions.

12. M/s. Balaji Cement Works (A Unit of Ultra Tech Cement Limited), Budawada Village, Jaggayyapet Mandal, Krishna District – Amendment for usage of non hazardous wastes and hazardous waste for co-processing in the kiln

M/s. Balaji Cement Works (A Unit of Ultra Tech Cement Limited), Krishna District is involved in Cement production and power generation.

The industry also obtained an amendment for CFE order dt. 15.03.2010 on 01.06.2018, for usage of non hazardous waste - 10,000 TPA and hazardous wastes for co-processing in the kiln.

Now the industry made representations requesting to issue an amendment for CFO order for usage of non hazardous wastes and hazardous waste as permitted in the CFE order dated 01.06.2018 and to issue an amendment to the conditions mentioned in the CFO order dated 02.01.2018 as requested by the industry.

The representatives of the industry attended the meeting and explained the committee that they have pre-processing facility within the plant; have approached Jaggayyapet municipality to collect MSW mainly containing plastic waste; proposed to take up plantation with 10,000 saplings this monsoon.

**Recommendations:**

After detailed discussions, the committee recommended to issue the following:

i. Amendment to the conditions mentioned in the CFO order dated 02.01.2018 as requested by the industry.

ii. Amendment to the CFO order dated 28.01.2018 to include hazardous and non-hazardous wastes permitted in the CFE order dated 01.06.2018 for co-processing in the kiln.

13. M/s. Coastal Waste Management Project (Unit-2) by M/s. Mumbai Waste Management Limited, Bojjanapalli Grampanchayat, Rapur Mandal, SPSR Nellore District – Approval of the designs and layout of secured landfill drawings

M/s. Coastal Waste Management Project (Unit-2), SPSR Nellore District obtained CFE of the Board on 24.06.2017 for Setting up of Integrated Common Hazardous Waste Treatment, Storage, Disposal and Recycling facilities including incineration duly stipulating conditions. The facility submitted the designs & layout of the secured landfill and requested for approval of the same.

The issue was earlier placed in the CFO Committee Meeting held on 10.01.2018. After detailed discussions, the Committee recommended to direct the industry to furnish a report from National Geographical Research Institute (CSIR), Hyderabad with their
recommendations on the designs and layout of the landfill duly following the design criteria and technical guidelines of the CPCB / MoEF&CC and provisions of HWM Rules, 2016.

In response, the industry submitted a letter dated 16.03.2018 from CSIR-NGRI. The issue was again placed in the Committee Meeting of the Board held on 24.04.2018. After detailed discussions, the Committee recommended to obtain detailed report and recommendations on the designs of the TSDF from the Director, National Geographical Research Institute (CSIR), Hyderabad.

The industry has not submitted report and recommendations on the designs of the TSDF from the Director, National Geographical Research Institute (CSIR), Hyderabad.

The proponent submitted an email dt. 19.06.2018 received from NGRI stating that the staff was busy with prior commitments and suggested the TSDF to approach a suitable agency for the design approvals.

Further, the proponent of TSDF vide letter dt. 25.06.2018 requested the Board to recommend other competent agencies like Sri Venkateswara University, Tirupati / Andhra University (Visakhapatnam) Civil engineering departments to asses and certify the designs and layouts of the proposed secured landfill duly following the design criteria and technical guidance of the CPCB/MoEF&CC and provisions of HWM Rules, 2016.

The industry representative attended the meeting and explained the committee that they have received an email from the NGRI stating that their staff was busy with prior commitments and suggested us to approach a suitable agency for the design approvals. The proponent further requested to recommend an organization for approval of the designs and layout of secured landfill drawings.

**Recommendations:**

After detailed discussions, the Committee recommended to direct the proponent of TSDF to furnish a report either from Indian Institute of Technology, Delhi or from Indian Institute of Technology, Madras with their recommendations on the designs and layout of the landfill duly following the design criteria and technical guidelines of the CPCB / MoEF&CC and provisions of HWM Rules, 2016 and amendments thereof.

<td><strong>14.</strong> M/s. Azad Ispat India Pvt. Ltd., Sy. No. 145-1, 146-2, Gollapuram (V), Hindupuram (M), Anantapuram District</td>
</tr>
</tbody>
</table>

M/s. Azad Ispat India Pvt., Ltd is engaged in manufacture of M.s. Ingots and TMT Bars. The Board has issued CFO to the industry on 28.10.2015 to manufacture MS Ingots - 48 TPD and TMT Bars - 98.6 TPD with a validity upto 31.01.2016. Subsequently, the Consents was renewed on 06.06.2016 for a period up to 15.09.2016.

The MS Ingots division with an area of 5.70 acres of the industry was purchased by the new management i.e., M/s. Mega Steel Industries vide sale deed dt: 27.03.2018 and obtained CFO vide order dt. 23.05.2018 with a validity upto 15.09.2021 to manufacture M.S. Ingots - 48 TPD. The Rolling Division with remaining area of 3.05 acres is with the old Management i.e., M/s. Azad Ispat India Pvt., Ltd.

Now, M/s. Azad Ispat India Pvt., Ltd. has applied for CFO for Rerolling Division to manufacture TMT Bars - 98.6 TPD for period of five years i.e., from 15.09.2016 to 15.09.2021. The representative of industry attended the meeting and informed the Committee that they will provide water meters within one month; they have already provided wet scrubber and the same is not working and rectification is under process.
planning to 500 saplings plantation in this monsoon; paid balance fee of Rs.31,000/- . The representatives of the industry further agreed to provide concrete roads as suggested by the committee.

**Recommendations:**

The Committee after detailed discussions recommended to issue CFO to the industry for a period of Five years i.e., upto 15.09.2021 with the following conditions.

1. The industry shall provide separate water meters for assessing water consumption for cooling and domestic purposes within one month as committed by the representative during the CFO committee meeting.

2. The industry shall install wet scrubber to the steel re-rolling mill within one month.

3. The industry shall provide separate energy meters to record energy consumed for operation of the APCE provided to the Re-heating within one month.

4. The industry shall provide concrete internal roads within the premises within three months.

5. The total area of the plant is 3.05 Acres. The industry has planted few saplings along the boundary towards northern direction within the premises in the premises. The industry shall develop greenbelt area in 1.0 acre in the ensuing monsoon season to achieve the 33% of the total area.

15. **M/s. Srikar Chem & Pharma India (P) Ltd., Plot No. 193, APIIC Growth Centre, Thumakunta (V), Hindupuram (M), Anantapur District**

The industry is engaged in manufacture of Bulk Drugs and its intermediates. The industry obtained CFE for change of Product Mix vide order dt.20.02.2018.

Now, the industry has applied for CFO & HWA for change of Product Mix permitted in the CFE order dt. 20.02.2018 for a period of 4 years i.e., from 05.2018 to 04.2022.

Earlier, the CFO & HWA application was rejected on 13.04.2018 for Non compliances of CFE conditions. The industry submitted a letter dt. 21.04.2018 to reconsider their application by stating that they have complied most of the conditions and requested the Board to issue CFO. The issue was placed in the CFO Committee meeting held on 17.05.2018. The Committee after detailed discussions recommended to obtain report from ZO Kurnool on the compliance status of the CFE conditions. The industry was inspected by the SEE; ZO Kurnool on 02.07.2018 and submitted the status of compliance of the CFE conditions.

The issue was again placed in the CFO Committee meeting held on 19.07.2018. The representative of industry attended the meeting and informed the Committee that they have installed flow meters. The representatives further informed that at present the effluent generation will be around 10 KL/day and requested to evaporate the same in FE system with condensers till commissioning of ZLD. The committee noted that the industry complied most of the CFE conditions except ZLD system.

**Recommendations:**

The Committee after detailed discussions recommended to issue CFO & HWA to the industry for period of six months i.e. upto 31.01.2019 with relevant conditions. The committee also recommended to review the industry after 3 months.

16. **M/s. Srinivasa Food Park Pvt. Ltd., Mogili village, Mittooor Post, Bangarupalem Mandal, Chittoor District**

M/s Srinivasa Food Park Pvt. Ltd. is a food processing park and obtained CFO & HWA on 02.07.2016 for processing of 20 food products with validity upto 31.07.2017 and the consent was renewed through Auto renewal for a period upto 31.07.2019.
The park obtained CFE for expansion vide order dt: 14.06.2018 for processing of additional product i.e., Fruit and Vegetable Juices and Beverages - 1,00,000 KL/Annum with an additional investment of Rs 1.0 Crore.

Now, the industry has applied for CFO expansion additional product and capacity i.e., Fruit and Vegetable Juices and Beverages - 1,00,000 KL for a period of 5 years i.e., up to 30.06.2023.

The industry representatives attended the meeting and informed the committee that they have provided flow meters; submitting analysis reports of treated water for every 6 months to the Board; two sides of the road are covered with plantation and continuing plantation in the premises; at present the generation of domestic waste water is very less and disposing the same into septic tank; paid water cess

**Recommendations:**

The Committee after detailed discussions recommended to issue CFO & HWA to the industry for a period of five years i.e., upto 30.06.2023 with relevant conditions.

**RATIFICATION CASES**

17. **M/s. Pallava Red Granite Pvt. Ltd. (ADO. No. 05-14.170 Ha), Sy. Nos. 55/3C, Rajupalem - Lakshmipuram (V), Chimakurthy (M), Prakasam District – Auto Renewal**
