Following members were present in the meeting:

01. Prof. V. Dharma Rao,  
    Dept of Mechanical Engg,  
    GVP College of Engineering (Autonomous),  
    Madhurawada, Visakhapatnam.

02. Prof. Kurumella Vijaya Raju (Rtd),  
    Professor, Department of  
    Engineering Chemistry,  
    AU College of Engineering,  
    Visakhapatnam.

03. Dr. K. S. R. Murthy, Deputy Director (Rtd),  
    National Institute of Oceanography (NIO),  
    176, LB Colony, Visakhapatnam.

04. Sri. N. V. Bhaskara Rao,  
    Joint Chief Environmental Engineer,  
    Zonal Office, A.P. Pollution Control Board.

Following Officers were present in the meeting:

01. Sri P. Ravindra Nath,  
    Senior Environmental Engineer,  
    Zonal Office, A.P. Pollution Control Board.

02. Sri Meera Subhan Shaik,  
    Asst. Environmental Engineer,  
    Zonal Office, A.P. Pollution Control Board.

03. Smt. S. B. Lahari,  
    Asst. Environmental Engineer  
    Zonal Office, A.P. Pollution Control Board.
## MINUTES OF THE CFO COMMITTEE MEETING HELD ON 09.07.2019 AT APPCB, ZONAL OFFICE, VISAKHAPATNAM

MINUTES OF THE CFO COMMITTEE MEETING HELD ON 09.07.2019 AT APPCB, ZONAL OFFICE, VISAKHAPATNAM

The committee opined that amendment for CFO & HWA order may be issued to the industry for inclusion of crushed vials – 4000 Kgs/month and used PPE – 2000 Kgs/month. After discussion, the committee recommended to issue CFO amendment to the industry for a period upto 31.03.2029 with conditions.

5. M/s. Sri Murali Krishna Rice Mill, R.S.No.97/1, to 4, 965B, 6C, Pedapalla (V), Alamuru (M), East Godavari District. Para boiled Rice Mill Renewal

The CFO application of the rice mill and verification report of RO, Kakinada were placed before the CFO Committee meeting held on 09.07.2019. The committee observed that i) the industry applied for CFO renewal for a period upto 30.11.2028 ii) the industry is having ETP to treat the effluents and sufficient land for utilization of treated wastewater iii) as per the analysis reports of the samples collected from ETP outlet the BOD value recorded is 140 mg/l (standard – 100 mg/l) iv) as per the stack monitoring analysis report the SPM value recorded is 138 mg/Nm$^3$ (standard – 115 mg/Nm$^3$).

The representative of the industry attended the meeting informed that the industry will operate ETP & air pollution control equipment continuously and will comply with the Board standards. He submitted a letter to the committee wherein stated that the industry rectified ETP and air pollution control equipment and requested to verify the performance of ETP & APC. The committee opined that CFO may be issued to the industry with conditions and RO, Kakinada shall inspect the industry to verify compliance status with Board standards. After discussion, the committee recommended to issue CFO to the industry for a period upto 30.11.2028 with conditions.

6. M/s. Padmasri Rice Mill, R.Sy.No.92, Anaparthy to Para Ramachandrapuram Road, Duppalapudi (V), Anaparthy (M), East Godavari District. Para boiled/ Steamed Rice Mill Renewal

The CFO application of the rice mill and verification report of RO, Kakinada were placed before the CFO Committee meeting held on 09.07.2019. The committee observed that i) the industry applied for fresh CFO of the Board to produce boiled rice – 50 TPD & steamed rice – 50 TPD whereas the Board issued CFE to the industry only for boiled rice – 47 TPD, ii) the industry is having ETP to treat the effluents and sufficient land for utilization of treated wastewater, iii) as per the analysis reports of the samples collected from ETP outlet the BOD value recorded is 124 mg/l (standard – 100 mg/l) iv), the industry has not provided port hole & platform provision to the stack attached to 4 TPH boiler to carry out the stack monitoring.

The representative of the industry attended the meeting informed that the industry will operate ETP and started works pertaining to providing of port hole & platform with ladder to carry out the stack monitoring and will comply with the Board standards. He also submitted a letter to the committee wherein stated that the industry will produce parboiled rice 47 TPD only as per CFE Order.

The committee opined that CFO may be issued to the industry for permitted CFE quantity i.e., boiled rice – 47 TPD with conditions and RO, Kakinada shall inspect the industry to verify compliance status with Board standards.

After discussion, the committee recommended to issue CFO to the industry for a period upto 31.03.2025 with conditions.
The CFO application of the industry and verification report of RO, Eluru were placed before the CFO Committee meeting held on 09.07.2019. The committee observed that i) the unit obtained CFE on 07.08.2007 in the name of M/s. Ayyappa Stone Crusher of capacity 3000 TPA in an area of 3.0 acres, ii) the crusher was taken over on lease and applied for CFE on 05.08.2015 in the name of M/s. Sri Lakshmi Ganapathi Stone crusher for a capacity 3600 TPA and the same was rejected on 21.08.2015 as the proposed site is only 2.0 acres against the required total land of 3.0 acres as per the siting guidelines and not proposed any air pollution control equipment to control the dust emissions, iii) the crusher was issued with closure order on 14.11.2018 as the unit is operating without CFO of the Board, not provided any air pollution control equipment and the SPM value recorded in the ambient air quality monitoring conducted in the crusher is 3066 µg/Nm$^3$ which is exceeding the prescribed standard of 600 µg/Nm$^3$, iv) now, the crusher applied for CFO of the Board v) the closure order dt: 14.11.2018 issued by the Board is in force and v) the total area of crusher as per the RO, Eluru verification report dated:28.06.2019 & topo plan of the site is only 1 acre against the required total land of 3.0 acres as per the siting guidelines. The representative of the industry attended the meeting informed that the total area of land is 2.0 acres and has provided required air pollution control equipment whereas, he could not explain the reasons for operating the crusher without obtaining statutory permissions after the rejection of the CFE application by the Board and prior to issue of closure order dt: 14.11.2018.

The committee noted that the proposed site is not meeting with APPCB siting guidelines for establishment of Stone Crusher w.r.t minimum required area and not obtained revocation of closure order. The committee also opined that a crusher of 3600 TPA cannot be maintained in an area of less than 3.0 acres. After discussion, the committee recommended to reject the CFO of the industry for the above reasons.

The CFO application of the unit and verification report of RO, Visakhapatnam were placed before the CFO Committee meeting held on 09.07.2019. After discussion, the committee recommended to issue CFO to the unit for a period upto 30.06.2021 with conditions.
<p>| 11. | M/s. Community Health Centre, Haripuram (V&amp;M), Srikakulam | HCF | Fresh | The CFO &amp; BMW authorization application and verification report of RO, Srikakulam were verified and observed that the Board Office vide circular dt.29.03.2019 directed all the government hospitals to pay CFO &amp; BMW fee for the current year i.e., 01.04.2019 to 31.03.2020 and to obtain CFO &amp; BMWA orders for current year immediately. The HCF applied for CFO &amp; BMWA without paying sufficient fee for the current year and also to pay the balance fee for the period 2010-2019. Further, the HCF has not submitted the details of i) water consumption, ii) waste water generation, iii) mode of disposal and iv) BMW authorization application and Bio Medical Waste generation details. Accordingly, a letter was addressed to the HCFs on 03.07.2019 for the payment of balance fee to consider the CFO for the current year i.e., April 2019 to March 2020 was placed before the CFO committee on 09.07.2019 for ratification. After discussion, the decision of the JCEE is ratified. |
