The Member Secretary welcomed the members of the CFO Committee and after introductory remarks on the items placed before the CFO Committee, the Committee took up items agenda-wise. The decisions of the CFO Committee on each case are recorded below.
VISAKHAPATNAM ZONE:

1. M/s. Visakhapatnam Port Trust, Visakhapatnam District - Amendment

The Port has obtained CFO & HW A vide order dt: 11.05.2017 for handling 34.1 Million MT/Annum, in inner harbor (EQ 1 TO EQ 7 berths, WQ 1 to WQ 5 berths, OR 1 & OR 2 berths and fertilizer berth) and outer harbor (OSTT, NOM, LPG BERTH AND MPB). The CFO & HWA is valid up to valid up to 31.12.2021.

The MoEF&CC vide order dt: 25.05.2016 issued environmental clearance to M/s. VPT for development of West Quay North (WQ 7 & WQ 8) berth with mechanized handling facilities for handling of bulk cargoes on DBFOT basis.

The Board vide order dt: 18.12.2017 issued CFE to M/s. VPT for development of West Quay North (WQ 7 & WQ 8) berths with fully mechanized facilities for handling bulk cargo - 6.39 MMTPA.

M/s. VPT included development of WQ7 & WQ8 berths with mechanized facilities as one of the long term measure in the EMP submitted to Hon’ble NGT, Chennai.

Now, M/s. VPT developed WQ7 & WQ8 berths without mechanized handling facilities and requested the Board to include West Quay North (WQ 7 & WQ 8) berths in the existing CFO of M/s. VPT without filing CFO application and without paying the fee.

The representatives of M/s. VPT attended the meeting and informed that they could not provide the mechanized handling facilities as Indian Navy requested to allot 150 mts wide and 1.5 Km long land for development of strategic facilities; in the same area conveyor belt connecting the berths and stock yards was planned; M/s. VPT requested the Indian Navy to reduce the width in order to accommodate the conveyor belt; it may take about 2-3 years time to settle the issue and to provide mechanical handling facilities; in the meanwhile M/s. VPT will handle low dusty cargos like manganese ore, bauxite, gypsum, limestone, blast furnace slag, ilmenite sand, ores other than iron ore, in these berths instead of keeping them idle; present these cargos are being handled in different berths in M/s. VPT and now it will be shifted to the new berths by taking all precautionary measures (like covering the trucks and water sprinkling) to control dust emissions to the surroundings; even after operating the WQ7 & WQ8 berths total cargo handling capacity of M/s. VPT will not exceed the consented capacity of 34.1 MMTPA; requested the MoEF&CC to issue amendment to the EC in this regard; M/s VPT spent about Rs. 248 crores for development of new berths, and these cannot be kept idle.

The Committee opined that the CFO may be considered to WQ7 & WQ8 berths on temporary basis for a period of one year to handle low dusty cargos as M/s. VPT not yet obtained EC amendment. But, M/s. VPT requested for issue of amendment to include West Quay North (WQ 7 & WQ 8) berths in the existing CFO which is valid upto 31.12.2021.

Recommenations:

After detailed discussions on verification report of the EE, RO: Visakhapatnam, agenda and submissions of the industry representatives, the Committee recommended to direct M/s. VPT to file afresh CFO application for WQ7 & WQ8 berths.

2. M/s. Vaanash Life Sciences Pvt. Ltd., Plot No. 73, Jawaharlal Nehru Pharma City, Parawada, Visakhapatnam District

M/s. Vaanash Life Sciences Pvt. Ltd., is operating a bulk manufacturing industry. The industry has obtained CFE of the Board vide order dated 30.10.2014 for production of 27 no. of products with a maximum quantity of 750 Kg/day. Now the industry applied for CFO (Fresh) upto 31.05.2022.

The representative of the industry attended the meeting and informed to the committee that they will install flow meters for LTDS and HTDS effluent & web camera and same
will be connected to CPCB website within one week; will provide scrubber with online pH meter to the reactors within 2 days; scale of production will be very low (i.e., 1 kg/day) for a period of two months; constructed above ground level effluent collection tanks; and remaining greenery will be provided in this season.

**Recommendations:**

After detailed discussions on verification report of the EE, RO: Visakhapatnam, agenda and submissions of the industry representatives the committee recommended to issue CFO&HWA (Fresh) to the industry with a validity period up to 31.05.2022 with a condition that the industry shall start production / trail run only after installation of flow meters for LTDS and HTDS effluent; web camera connected to CPCB website; and scrubber with online pH meter to the reactors.

**VIJAYAWADA ZONE:**

3. **M/s. GMS Pharmaceuticals Private Limited, located at Plot Nos. 612 & 613, Industrial Growth Centre, Gundlapalli (V), Maddipadu (M), Ongole, Prakasam District - Renewal of CFO&HWA - Reg.**

M/s. GMS Pharmaceuticals Private Limited, Prakasam District is involved in Manufacturing of Bulk Drugs & Intermediates. The industry obtained CFO&HWA on 11.05.2017 with validity upto 31.03.2018.

Now, the industry applied for Renewal of CFO&HWA through Single Desk Portal for a period of five years i.e. upto 31.03.2023. The representative of the industry attended the meeting and explained the committee that they have placed order for new stack and the same will be installed within 30 days; FE system will be operated till commissioning of MEE; PLI will be submitted in consultation with RO: Nellore immediately; 2800 saplings were planted within the premises. The representative further informed that they will comply with Task Force directions within 3 months.

The committee noted that the industry was reviewed in the Task Force committee meeting held on 24.05.2018 for non-compliance of the Board’s directions and issued stop production orders vide Order dt. 01.06.2018.

**Recommendations:**

After detailed discussions, the committee recommended to issue CFO&HWA to the industry with validity upto 31.03.2023 after obtaining revocation of stop production orders from the Board.

4. **M/s. Ever Health Life Sciences Private Limited, Plot No: 408 & 419, Industrial Growth Center, Gundlapalli (V), Maddipadu (M), Prakasam District - Renewal of CFO&HWA - Reg.**

M/s. Ever Health Life Sciences Private Limited, Prakasam District is involved in Bulk Drugs manufacturing. The industry obtained CFE orders on 05.12.2017 for change of product mix and on 15.06.2018 for boiler & byproduct. The industry obtained CFO&HWA on 29.01.2018 for the period valid upto 30.06.2018 to manufacture 12 products in Group - A (980.33 Kgs/day), 14 products in Group - B (939.17 Kgs/day) and 14 products in Group - C (843.33 Kgs/day) with a condition that the industry shall manufacture any one group i.e. Group A or B or C so that the total production shall not exceed 980.33 Kgs/day.

Now the industry applied for Renewal of CFO&HWA for a period upto 31.10.2022 through Single Desk Portal. The permissible disposal date of application is 18.07.2018.

The representatives of the industry attended the meeting and explained the committee that they are having ZLD since commissioning of the industry; provided flow meters, scrubbers and online pH meters; placed order for 4TPH boiler which is in process; not using Ozone Depleting substance in the process; developed 38% green belt in the

**MEMBER SECRETARY**

**CHAIRMAN**
MINUTES OF THE CFO COMMITTEE MEETING HELD ON 05.07.2018

Recommendations:
After detailed discussions, the committee recommended to issue CFO&HWA to the industry with validity upto 31.10.2022 with relevant conditions.

Now the industry applied for Renewal of CFO&HWA for a period of one year i.e. up to 30.06.2019 through Single Desk Portal.

The representatives of the industry attended the meeting and explained the committee that they have completed installation of Air Pollution Control Equipments & Stacks and identified local agency for disposal of slag from foundry, refractory waste and treatment plant rejects dust from emission control systems etc.

Recommendations:
After detailed discussions, the committee recommended to issue CFO&HWA to the industry with validity upto 30.06.2019 with relevant conditions.

M/s. Kekule Life Sciences Limited, Krishna District is involved in Manufacturing of Bulk Drugs. The industry obtained CFO&HWA for the old products on 31.07.2017 with validity upto 30.06.2022. The industry obtained CFE for Change of Product Mix on 01.12.2017 to produce additional products without increase in pollution load and production capacity and applied for CFO&HWA for Change of Product Mix for a period upto 30.06.2022 through OCMMS.

The representatives of the industry attended the meeting and explained the committee that they have valid CFO for production of Capecitabine and the overall production was within the consented quantity only; provided VOC monitoring system with digitally recording facility; provided above ground level tanks and dyke walls will be provided to the tanks to avoid spillages; 700 saplings like ganuga, chinta, neeredu and gangiri plant species were planted; planted dubai plants all along road sides; paid CFO fee of Rs.2.0 Lakhs for the additional investment for the Boiler.

Recommendations:
After detailed discussions, the committee recommended to issue CFO&HWA to the industry with validity upto 30.06.2022 with relevant conditions.

The industry informed that at present they are sending the Inorganic solid waste ( Forced Evaporation Salts) & ETP Sludge to TSDF for secured land fill. Now, they proposed to send Inorganic waste (Forced Evaporation Salts) & ETP sludge to the Cement Industries for co-processing (as alternate fuel & alternative raw material in kiln) and requested the
Board to issue necessary amendment to the CFO order dated 20.12.2017 on the disposal option.

The representatives of the industry attended the meeting and explained the committee that the plant is restored from fire accident; all the waste present in the premises was disposed to TSDF, Parawada; M/s. J.K. Cement Works Limited, Muddapur Village, Bagalkot District, Karnataka have taken samples of Inorganic solid waste (MEE salts) from the industry for analysis and accepted to co-process the waste in the cement kiln.

**Recommendations:**

After detailed discussions, the committee recommended to issue amendment to CFO&HWA to dispose Inorganic Solid waste to authorized Cement industries for co-processing / to TSDF for secured land fill.

8. M/s. The KCP Ltd., Sy. No. 69/2 (P), Muktyala (V), Jaggaiahpet (M), Krishna District - Enhancement of production capacities - Reg.

M/s. The KCP Ltd., Krishna District is involved in Cement Production. The industry obtained CFE on 03.11.2014 to produce Clinker - 3.06 MTPA, Cement (OPC & PPC) - 3.52 MTPA and Power generation - 2 X 18 MW. The industry obtained CFO&HWA to produce Clinker - 1.55 MTPA, Cement (OPC & PPC) - 1.86 MTPA on 22.08.2016 with validity upto 31.05.2021.

Now the industry applied for CFO&HWA for additional production capacities of Clinker - 1.51 MTPA, Cement (OPC & PPC) - 1.66 MTPA for a period of five years i.e., upto 31.05.2023 through OCMMS.

The industry representatives attended the meeting and informed the committee that they are importing coal from South Africa which is having 18% ash content. The proponent further informed that at present they are carrying out analysis of coal by 3rd party for trace metals like Chromium, Lead and the remaining metals Mercury, Arsenic and Uranium will be carried out and submit analysis reports to the Board.

**Recommendations:**

After detailed discussions, the committee recommended to issue CFO&HWA to the industry for additional production capacities of Clinker - 1.51 MTPA, Cement (OPC & PPC) - 1.66 MTPA with validity upto 31.05.2023 with relevant conditions.

9. M/s. Viki Industries Pvt. Ltd., Sy. Nos. 59/1, 61, 64, 65 & 72, Pennepalli Village, Pellakur Mandal, SPSR Nellore District

Now the industry applied for Renewal of CFO&HWA to manufacture M.S / S.S Billets /Ingots (1X25 MT Induction Furnace) - 75,000 TPA for a period of five years i.e. upto 30.06.2023 through Single Desk Portal.

The representative of the industry attended the meeting and informed the committee that they have installed CAAQM and AAQM stations; installed 2 induction furnaces with 4 crucibles; provided roof top extraction system. The proponent requested the committee to issue CFO for the total production capacities as mentioned in the earlier CFO order dated 24.06.2009.

**Recommendations:**

After detailed discussions, the committee recommended to issue CFO&HWA to the industry with validity upto 30.06.2023 with relevant conditions.
