VISAKHAPATNAM ZONE:

1. M/s. Quagen Pharma India Pvt. Ltd., Plot No. 63, Jawaharlal Nehru Pharma City, Parawada (Village & Mandal), Visakhapatnam District.

M/s. Quagen Pharma India Pvt. Ltd., is operating a bulk drug manufacturing industry. The industry obtained CFE (First time) vide order dated 20.03.2017 to manufacture 18 products including validation products with a maximum production capacity of 716 Kg/day and has now the industry applied for CFO (first time) only for validation products / R&D products through single window system as the industry has not completed construction activity of API Blocks and completed construction of R & D block. The committee noted the following points as reported by the EE:RO - Visakhapatnam:

i. The industry has constructed 3 nos of production blocks, ware house, admin building and Utilities block which are various stages of civil works.
ii. The industry has completed construction of R & D block and shifted all the equipment from their existing R & D lab located at Ramky Pharma city (I) commercial hub and applied for CFO for R & D activity only.
iii. The Industry has started installation of 4.0 TPH coal fired boiler.
iv. The industry has constructed 2.0 lacks liters of underground tank for raw water storage and Fire hydrant purpose.
v. The industry has not started commercial production and started fermentation batches.
vi. The industry has not constructed SRS system
vii. The industry has installed 2 nos of single stage scrubber to R & D Block.
viii. The industry has not installed pH meters to the scrubbers and not installed VOC meter.
ix. The industry has not installed flow. Web camera to effluent flow meters pumped to CETP, JNPC as per CPCB directions
x. The industry has not started development of greenbelt.

Recommendations:

After detailed discussions on the report of the EE, RO: Visakhapatnam and the agenda, the Committee recommended to issue CFO & HWA Order (First time) for a period up to 30.04.2018 only for validation products / R&D products duly stipulating the following conditions:

- The industry shall obtain separate CFO of the Board before starting API products.
- The industry shall construct above ground tanks or tank in tank facility for collection of effluents from production blocks.
- The industry shall install bag filter to 4.0 TPH coal fired boiler
- The industry shall install double stage scrubbers with pH meters which includes data logger system along with API plant.
- The industry shall install VOC meter along with API plant.
- The industry shall obtain TSDF membership after obtaining CFO of the Board.
- The industry shall obtain PI policy which includes ERF.
- The industry shall connect web camera and flow meters to CPCB and APPCB as per CPCB protocol.

M/s. Southern Pharma India Pvt. Ltd., is operating a bulk drug manufacturing industry. The industry obtained CFE (First time) vide order dated 08.10.2015 to manufacture 21 products (Worst Case - 3 Products on campaign basis) with a maximum production capacity of 2000 Kg/day. The industry applied for CFO (first time) through single window system. The committee noted the following points as reported by the EE:RO - Visakhapatnam:

- The construction of outer walls of the 4 Guard Ponds of total capacity 1.5 ML was almost completed. The partition walls of the guard ponds are under progress. The guard ponds and the rest of the CFTP are separated by compound wall.
- The compound wall of about 2 m height from the ground level was completed in south and west directions and earth work back filling up to this level was completed.
- The construction works of equalization tanks 1, equalization tank 2, holding tank to feed stripper and MEE condensate tank were completed up to the plinth level. Columns are under construction.
**MINUTES OF THE CFO COMMITTEE MEETING HELD ON 14.06.2017**

- The civil works of RCC structures of MEE 1, stripper 1 and ATFD 1 & 2 are completed up to the level of 2nd slab.
- The construction works of MEE concentrate tank 1 up to plinth level completed.
- The construction works of the RCC structure of 16 TPH boiler completed up to the 1ST slab level, chimney under construction and conveyor beams and siltos under construction.
- The construction works for HTDS collection sump was completed up to the plinth level.

The representatives of the industry attended the meeting and informed that the erection works are under progress and will be completed within 15 days and informed that the photographs of the progress will be submitted at the Regional Office.

**Recommendations:**

After detailed discussions on RO Visakhapatnam verification report & Agenda, the Committee recommended issue CFO & HWA order into 30.04.2018 duly stipulating the following conditions:

- The industry shall send the pre-treated effluents to the CETP, JN Pharma city for a period of two months.
- The industry shall not start its operations till the completion of civil works and shall inform to the Board before the industry start its operations.
- The industry shall provide digital flow meters for quantification of LTDS & HTDS effluents.
- The industry shall install bag filter 3 TPH Boiler air pollution control equipment.
- The industry shall provide online pH measuring facility with auto recording system to the scrubbers provided to treat the process emissions.
- The industry shall provide VOC monitoring system with auto recording facility.
- The industry shall obtain PLI policy.

3. **M/s. GMFC Labs Pvt., Ltd., Plot No.27 B and 27 B 15, De-notified area of APSEZ, Lalam Koduru (V), Rambilli (M), Visakhapatnam District.**

**M/s. GMFC Labs Pvt., Ltd., is a Bulk Drugs and Intermediates manufacturing unit. The industry obtained CFE vide order dated 22.05.2017 to manufacture 29 bulk drugs including validation products / R&D, pilot plant with a maximum production capacity of 1966.67 Kg/day and 43 intermediate products with a maximum production capacity of 965.56 Kg/day. The industry has applied for CFO first time through Single Window system. The committee noted the following points as reported by the EE:RO -Visakhapatnam:**

- The construction of outer walls of the 4 Guard Ponds of total capacity 1.5 ML was almost completed. The partition walls of the guard ponds are under progress. The guard ponds and the rest of the CETP are separated by compound wall.
- The compound wall of about 2 m height from the ground level was completed in south and west directions and earth work back filling up to this level was completed.
- The construction works of equalization tanks 1, equalization tank 2, holding tank to feed stripper and MEE condensate tank were completed up to the plinth level. Columns are under construction.
- The civil works of RCC structures of MEE 1, stripper 1 and ATFD 1 & 2 are completed up to the level of 2nd slab.
- The construction works of MEE concentrate tank 1 up to plinth level completed.
- The construction works of the RCC structure of 16 TPH boiler completed up to the 1ST slab level.
- The construction works for HTDS collection sump was completed up to the plinth level.

After detailed discussions on the report of the EE, RO: Visakhapatnam and the agenda, the Committee recommended to issue CFO & HWA Order (First time) for a period up to 30.04.2018 duly stipulating the following conditions:

- The industry shall inform the Board after complete readiness of the industry before going for production and after inspection of the board officials only the industry shall start the operations.
- The industry shall submit the copy of the MOU between the CETP, Ramky Pharmacacity and the industry for sending the effluents to CETP.
- The industry shall provide magnetic flow meters with recording facility and camera focusing the flow meters.
- The industry shall provide VOC monitoring system with auto recording facility.
- The industry shall implement adequate measures to control all fugitive emissions from the plant.

MEMBER SECRETARY
### MINUTES OF THE CFO COMMITTEE MEETING HELD ON 14.06.2017

#### 4. M/s. Angels Pharma India Private Limited., Plot No. 12, JN Pharma City, Parawada, Visakhapatnam District

M/s. Angels Pharma India Private Limited., is a Bulk Drug & Drug intermediate manufacturing industry and obtained CPO of the Board vide order dated 23.03.2017 which was valid period upto 30.11.2021. Further, the industry obtained CFE (CPM) of the Board vide order dated 22.05.2017 to manufacture 35 Products (Worst combination of any 10 products at any given point of time) with a maximum production capacity of 5333.34 Kgs/day. The industry has applied CPO (CPM) through Single Window system.

The representatives of the industry attended the meeting and informed that the balance consent fee will be paid in the form of Demand draft and requested the committee they will provide data logger to the pH meter, bag filter to the 5 TPH boiler will be completed in two months.

**Recommendations:**

After detailed discussions on the report of the EE:RO - Visakhapatnam & Agenda, the Committee recommended issue CFO & HWA (CPM) order to the industry upto 30.11.2021 duly stipulating the following conditions:

- The industry shall not manufacture new products without CFE/CPO of the Board.
- The industry shall segregate the effluents into HTDS & LTTDS.
- The industry shall provide data logger to the pH meter provided for the scrubber within 1 month.
- The industry shall install bag filter to the 5 TPH boiler within 2 months to control the fugitive emissions.
- The industry shall obtain public liability insurance which includes Environment Relief Fund (FRF) immediately.
- The industry shall construct storm water drain and provide collection pit for the first flush during rains.

#### 5. M/s. Dr. Reddy’s Laboratories Limited (API-SEZ) Unit, S. Nos. 57-68, 70-73, 75-77 & 80, Devunipalavalasa (V), Pydibhimavaram Panchayat, Raanasthalam (M), Srikakulam District

M/s. Dr. Reddy’s Laboratories Limited (API-SEZ) Unit, is a Bulk Drugs & Formulation and R&D manufacturing unit and obtained CFO of the Board vide order dated 06.09.2015 which was valid period upto 31.08.2018. Further, the industry obtained CFE (CPM) of the Board vide order dated 11.01.2017 to manufacture 48 Products / Formulation / Derma & Soft Gel/ Metered Dose Inhaler (MDI) / Vaginal Rings with a maximum production capacity of 1299.16 Kgs/day. The industry has applied CFO (CPM) through Single Window system.

The representatives of the industry attended the meeting and informed that the 13 tons of ETP sludge; 7.1 Ton of solvent residue; 0.4 tons of evaporation salts will disposed off within a week.

**Recommendations:**

After detailed discussions on RO, Vizianagaram verification report & Agenda, the Committee recommended issue CFO & HWA order upto 31.08.2022 duly stipulating the relevant conditions.

13 tons of ETP sludge; 7.1 Ton of solvent residue; 0.4 tons of evaporation salts; existing within the premises shall be disposed immediately.

#### 6. M/s. MS Biotech Private Limited, (Formerly M/s. Aroma Bio Tech Ltd.,), R.S.No.237/1, Avapudu (V), Nallajerla (M), West Godavari District.

M/s. MS Biotech Private Limited, is a Grain based distillery unit. The industry obtained CFO vide order dated 27.10.2014 to produce Rectified Spirit / Extra Neutral Alcohol / Ethanol - 60 KLPD; Electricity generation - 2.25 MW which was expired on 31.10.2016. Now the industry applied for CFO (renewal) for Rectified Spirit / Extra Neutral Alcohol / Ethanol - 60 KLPD; Electricity generation - 2.25 MW. Now the industry applied CFO renewal for a period upto 31.10.2017.

**Recommendations:**

After detailed discussions on RO, Eluru verification report & Agenda, the Committee recommended issue CFO & HWA order upto 31.10.2017 duly stipulating the relevant conditions.
MINUTES OF THE CFO COMMITTEE MEETING HELD ON 14.06.2017

7. M/s. Aurora Sri Venkateswaralaya Swamy Steels & Alloys Private Limited, Plot Nos. 207 & 210, APIIC, Growth Center, Bobbili (V) & (M), Vizianagaram District

M/s. Aurora Sri Venkateswara Swamy Steels & Alloys Private Limited is ferro alloy unit. The industry obtained CFO vide order dated 30.04.2001 to produce Ferro Manganese - 6600 TPA; Ferro Chrome - 6600 TPA and Silico Manganese - 1000 TPA which was expired on 31.03.2017. Now the industry applied for CFO (renewal) for the above products only. The committee noted the following points as reported by the EE:RO - Vizianagaram:

1) The industry has not provided separate meters with necessary pipeline for assessing the quantity of water used for each of the purposes.

2) The industry has not provided flow meters for quantity the treated effluents utilization for each purpose.

3) The bag filters are not in operation due to technical problems and the re-alignment of ducting system is going on.

4) The industry has not provided Continuous online stack monitoring facilities for all the stacks attached to Ferro Alloys Furnaces and sufficient air pollution control equipments.

5) The industry has not provided interlocking system between air pollution control equipments / continuous online monitoring system and raw material feeding system.

6) As per the CFO order, A sampling port with removable dummy of not less than 15 cm. diameter shall be provided in the stack at a distance of 8 times the diameter of the stack from the nearest constraint such as bends etc. A sampling port to accommodate three persons with instruments. A 15 AMP 250 V plug point shall be provided on the platform, but the industry has not complied the condition.

7) As per CFO order, bag filter dust shall be reused in the ferro alloys furnace as raw material, but the industry has not complied the condition.

8) The industry has not developed the green belt.

9) As per the CFO order, Ambient Air Quality shall be regularly monitored at the industry premises and in the predominant wind direction. The location of the continuous monitoring stations shall be fixed in consultation with concerned RO, APPCB, but the industry has not complied the condition.

10) As per CFO order, the industry shall provide 25% of additional bags as spare in the bag house to meet the emergency requirement, but the not provided the condition.

11) The industry has not provided automated damper with logger and recording facility system.

12) As per CFO order, the industry shall have slag waste management plan as slag would be generated approximately 1:1 ratio, but the industry has not complied the condition.

13) The industry is not operating air pollution control equipments regularly.

14) The industry is not maintaining good house keeping within the plant premises.

15) The industry has not provided activation recorder with the recording facility to the bypass stack.

16) The industry has not submitted proper records for hazardous waste stated in Authorization in Form-3 i.e., quantity of incinerable waste, land disposal waste, recyclable waste etc. and file annual returns in Form-4.

17) At the time of inspection by Regional Office, around 5000 T of slag is stored on-site.

Recommendations:

The industry representative attended the meeting could not explain the details sought by the committee. The case is deferred for the next meeting. The committee directed the industry management to depute a responsible senior technical officer to attend the CFO Committee meeting with relevant information.

The industry vide letter dt.02.05.2017 requested for amendment in the CFO Order dt.29.04.2017 for incorporating the Spent Potassium Salts 86.12 TPM as by-product and requested to grant permission for sending to M/s. Floris Chemitech, R.Sy.No.36/26/3, Ammepalli(Village), Korumamidi(Mandal), West Godavari District. |
|   | Recommendations: |
|   | After detailed discussions on the request of the industry and the agenda, the Committee recommended to issue Amendment to the CFO Order 29.04.2017 duly incorporating the Spent Potassium Salts 86.12 TPM as by-product. |

**MEMBER SECRETARY**
MINUTES OF THE CFO COMMITTEE MEETING HELD ON 14.06.2017

M/s. Hindustan Zinc Ltd., Visakhapatnam has requested for extension of CFO validity upto 31.12.2017 for treatment and disposal of waste water generation and hazardous wastes during the “De-commissioning and Dismantling of plant and safe treatment and disposal of hazardous wastes accumulated earlier as well as to be generated during the dismantling process.” The industry is not in operation since 24.01.2012. The industry informed vide letter dated that, the plant was planned to shut down permanently due to Raw-Material shortage, Power restrictions,. Increased human habitation around the surroundings of the plant, No future permission for additional Sl.F and Stack height restriction by AAI.

Recommendations:
After detailed discussions on the agenda and verification report and remarks of the of the EE,RO: Visakhapatnam, the committee recommended to extend the CFO & HWA Order upto 31.12.2017 for treatment and disposal of waste water generation and hazardous wastes duly mentioning quantities and time period for safe disposal as requested M/s. Hindustan Zinc Ltd, only after opening of the Escrow Account either at Visakhapatnam or at Vijayawada and submit the details for further processing of the extension of CFO validity upto 31.12.2017.

The following directions shall be stipulated in the CFO Order:

i. The industry shall collect transport and dispose the hazardous waste in accordance to the Hazardous waste management rules.

ii. The industry shall follow the guidelines issued by the CPCB on closure & post monitoring of the TSDF.

iii. The industry shall take prior approval for disposal of other hazardous waste/chemicals generated if any which is not specified in the order.

iv. The industry shall not discharge any type of effluents outside the plant and shall operate the ETP continuously.

v. A team consisting of the process technical persons, Environment and safety engineers shall be formed to monitor the collection, segregation, treatment (stabilization) and disposal of hazardous waste.

vi. The industry shall submit fortnight reports on progress of De-commissioning and Dismantling of plant and safe treatment and disposal of hazardous wastes along with quantities to the Regional office & task force.

vii. The industry shall submit monthly reports on the leachate collection and treatment, effluents characteristics after De-commissioning and Dismantling of plant along with quantities to the Regional office & task force.

VIJAYAWADA ZONE

10. M/s. Crest Cellulose Private Limited, Plot Nos. 12 & 13, APIIC Industrial Park, Menakuru (V), Naidupet (M), SPSR Nellore District - Industry’s request for exemption of certain conditions

The issue was deferred due to paucity of time.

11. M/s. Sri Chakra Cements Limited, Sri Narasimhapuri (V), Karrampudi (M), Guntur District - Request for Amendment of CFO order

The Board earlier issued CFO&HWA authorization to the industry for the existing & expansion production capacities i.e., Clinker - 0.66 Million TPA and Cement - 0.80 Million TPA on 24.08.2012 for the period upto 31.05.2013. The Board subsequently renewed the CFO&HWA which was valid upto 31.05.2017. The industry now submitted that the Kiln capacity was mentioned as 900 TPD and requested the Board for amendment of the CFO order by changing the Kiln capacity from 900 TPD to 2000 TPD.

Recommendations:
After detailed discussions on agenda and R.O. report, the committee recommended to seek information from the industry regarding earlier EIA/EMP reports or similar reports/applications in support of the kiln capacity of 2000 TPD with a copy marked to the RO.

desk portal. Now the industry applied for Renewal of CFO&HWA of the Board for a period of two years i.e. up to 31.01.2018 through Single Desk Portal. The permissible approval date is 15.06.2017. It is noted that the CPCB in the order No: B-29016/04/06/PCI-I/8668, dated 03.03.2016 issued direction to the industry not to restart operation till online effluent monitoring system are installed effluent outlets (flow meter & camera for units sending effluent to CETP/zero liquid discharge units) in notified process units/areas and the same are uplinked with CPCB website. The Board issued CFO&HWA order on 12.06.2017 with validity upto 31.01.2018 duly stipulating a condition that the industry shall restart the operations only after obtaining Revocation of Closure order from the CPCB and intimating the same to the APPCB.

Recommendations:
The committee noted and ratified the issue of renewal of CFO&HWA to the industry for a period upto 31.01.2018 duly stipulating conditions.
